Projects

- Community Speed Dating; concept pitched via Combined Community Board Workshop has been met with enthusiasm, and will be progressed with an aim of developing for rollout later this year. This concept will be a CB hosted engagement event that aims to deliver term-round two way engagement between governance/operations and the community. **In Progress**
- Landing Road pedestrian safety improvements including footpath extension and relocation of pedestrian crossing **COMPLETED**
- Investigation of Pump Track facilities in Kerikeri including location, costings of permanent vs modular **In progress**
- Kerikeri Domain Reserve Management Plan **In progress**

- Festival for the Future (Wellington); facilitating strategic sessions re Climate Change and Local Government Engagement/Vote2019 with LGNZ and Inspiring Stories
- Improvements to the Kerikeri entrance roundabout in response to constant vehicular damage
- BAYSPORT issues with drainage, flooding of facilities etc

Resource Consents

Nil

Requests for Service/Information

RFS	Mission Road STILL NO RESPONSE, ACKNOWLEDGEMENT OR RFS # ALLOCATION
RFS	Smokefree signage required for Kerikeri Domain NO RESPONSE (note that signage exists around playground area)
RFS3900374	information requested regarding heating facilities in Waipapa Hall

In progress

- The Kerikeri Domain RMP process is underway with the development of a timeline (completion June 2019)
- Mission Road safety concerns; RFS lodged.
- Relationship building conversations with Far North Youth Council
- Relationship discussions re iwi engagement
- Kerikeri Kororipo BiCentenary project for 2019
- Request from Bob Bingham re - renaming of Peacock Gardens Reserve currently undergoing a "community makeover" with support from the FNDC Infrastructure Fund **Report form requested**
- Development Contributions - request information related to contributions collected in the Eastern ward, and how those were allocated

Issues/Of Note

- Concern over the need to complete the Maritime Facilities bylaw
- Rangitane Reserve need for public toilet
- Engagement re: completion of Landing Road footpath (Waipapa Landing to Kapiro Road)
- Kerikeri Makos re uncertainty of use of Domain and pavilion
- Kerikeri Cricket wanting certainty over possibility of use of Domain for 2018/19 season

- Basketball Court surface patching substandard completion (only 2 out of 3 patches repaired)
- Need for further sporting facilities in the area highlighted with commencement of winter sport
- Pear Tree Carpark - change of lease;
- Kerikeri Bus Stop/Parking; there have been numerous traffic blockages due to too many buses scheduled by Intercity for the same arrival time in Kerikeri CBD. This has caused major traffic and pedestrian safety issues, as it results in buses stopping in the middle of Cobham Road. Buses have become too big for the Kerikeri CBD, and investigations need to be made to relocate the bus stop outside of the immediate Kerikeri CBD. This could be expanded into a transport hub investigation on a District wide level
- Kerikeri/Waipapa Structure plan, and the lack of consideration of intention to action.
- Drainage issues at Baysport due to lack of stormwater drainage through carpark etc. Resulting in repetitive flooding of Football Club gear storage area, soakage through concrete block walls, and erosion of retaining banks surrounding the stadium building.
- Lack of response to requests from FNDC
