Good Morning Selina, thanks for your communication. So to clarify, there are 5 property owners in connections with the paper road in question. Four of the five have consented. The remaining property owner Elbury Holdings (Joe and Fiona King) have contacted me and although they say they are not opposed to the name Shine Road, they actually just don't want a name. They are concerned that their current property address will change from 226 Kaimaumau Road to some number down Shine Road which they do not want. I have told her there is no reason they should change that address and that the status of the road (a paper road) does not change whether or not it has a name or not. Their other concern was how far the named road will go as the paper road goes around the entire border of their property. I have told them the named part of the road did not ever go that far and as far as we are concerned we are happy for it to stop at the southern border of our property and theirs. Hope this makes sense.

Kind Regards

Sheryl Shine

Kia ora Sheryl,

Thank you for the 2 neighbour consents that you have sent through. I have saved them into the Road Naming report to go to the next Community Meeting. Can you please advise if consent was given for the Elbury Holding Ltd, if not, can you please advise why this is.

Thank you,

Regards,

Hi Sheryl,

The Community Board members have asked for this as this is part of the policy for road naming.

This should have been done before the road name report was put up to the Community Board.

Kia ora Sheryl,

My apologies but I have been off work for approx. 6 months and have come back to this report.

What you were not informed of is that we would need at least 85% written approval from property owners on this paper road to have the new name.

Are you able to send me confirmation and I will put this up to the next Community Meeting for approval.

Thank you,

Regards,
