

At the completion of a project that received community funding, recipients are required, as stated in the Community Grant Policy, to submit a Project Report to the Community Board. Project Reports are to be received no later than two months after the completion of the project or if the activity is ongoing, within two months of the funding being spent.

Applicants who fail to provide a project report within the required time will not be considered for future funding.

Give a brief description of the highlights of your project including numbers participating:

The main highlights of the project was to see the ladies (knitters) come together for a worthwhile hobby and a worthy cause for Charity. We witnessed new friendships form and a creative bond merging in our community. The ladies all kept in contact during Lockdown and supported one another telephonically, many had long discussions on what they currently knitting and their progress. Once Lockdown was removed the ladies enjoyed connecting again and showing each other their works of art. There was a delay experienced with the purchasing of stock but continued once Lockdown was lifted.

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

Supporting a worthwhile cause, giving to others increase a sense of self-worth to our members.
This project helps to improve the mental and physical health of mums and babies in the community. Many families have benefitted from this project specially after Lockdown/COVID19, not only did this project help keep our members motivated during Lockdown but also helped the families in need specially after so many lost jobs, and homes which suffered damages after the severe rain these past few weeks.

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:
