  - Aware of the concerns of the community and reminds the community that Police also need to follow law and policy regarding impounding cars/bikes and that it isn't as easy or straight forward as expected.
  - Enforcement alone isn't going to fix the problem and following/pursuing motorbikes isn't advised as the riders will take off and the situation will become unsafe.
  - Encourages community members to safely record any issues (including sound) on cameras and phone it in to Police, then take the footage in to the local office.
