## GENERAL INFORMATION AND GUIDELINES

Ensure that road names are not duplicated in the Far North District (both spelling and pronunciation to be considered); this includes same road names with different suffix. To do this, please use [www.google.co.nz/maps](http://www.google.co.nz/maps) and search "proposed road name (excl suffix) Northland" to check if proposed names may be duplicates.

Ensure that road type appropriately matches the definition of the suffix, such as 'road', 'avenue' etc. Road names without a suffix are now strongly discouraged (e.g. Broadway). The following definitions provide a guide, but please note that other appropriate suffixes that are not in this list may be used.

Suffix	Definition
Avenue	A generally broad straight roadway planted on each side with trees
Boulevard	A wide roadway well paved usually with trees and grass
Circle	A roadway that generally forms a circle or a short enclosed roadway bounded by a circle
Close	A short enclosed road.
Court	A short enclosed road usually surrounded by buildings
Crescent	A crescent or half-moon shaped street rejoining the road from which it starts
Drive	Wide main roadway without many cross streets - an especially scenic road or street
Esplanade	Level roadway along the seaside, lake or a river
Glade	Roadway usually in a valley of trees
Green	Roadway often leading to a grassed public recreation area
Grove	A road that often features a group of trees standing together
Lane	A narrow way, path, country road or street. A narrow passage between hedges or buildings, an alley
Loop	Roadway that diverges from and then rejoining a main thoroughfare
Mews	Roadway in a group of houses
Suffix	Definition
Parade	Public roadway or promenade
Place	A short sometimes narrow enclosed roadway
Quay	A roadway alongside or projecting into water

## **Appendix - Guidelines for Choosing a Road Name**

Road names should be chosen from the following categories provided they meet the criteria in clause 5.5 and 5.6 of this policy.

### **7.1 History – Weighting 3**

7.1.1 The name of a historical person, event, industry or activity associated with the area. Such names may include early settlers and early notable people such as conservationists or naturalists.

7.1.2 The family name of the former owner of a farm or property or the name of the farm or property may be used if a historical context is established.

### **7.2 Culture – Weighting 3 (*Cultural significance to Maori or culture other than Maori*)**

7.2.1 This category includes the name of a Maori heritage precinct, site or track or traditional appropriate Maori name for the area.

7.2.2 All Maori names are to be submitted to an Iwi representative to ensure that they are appropriate, spelt correctly, interpreted correctly and are not offensive to Maori.

7.2.3 Maori should be consulted as to whether they have an interest in the land on which the road is to be constructed and asked if they wish to contribute names at the beginning of the Resource Consent process.

7.2.4 Joint non-Maori/Maori names will not generally be considered.

### **7.3 Geography – Weighting 2**

7.3.1 This category includes local geographical, topographical, geological and landscape features.

7.3.2 Local flora and fauna also fall into this category e.g. trees, plants and animals that are widespread and plentiful in the area.

7.3.3 Views must be readily identifiable.

### **7.4 Theme – Weighting 2 (*Common or established themes in the area*)**

7.4.1 Where more than one road is being created in a development, a common theme is recommended for the names.

7.4.2 Where there is an established theme in an area, new road names should reflect this theme.

7.4.3 Proposed themes for a new subdivision must be submitted to council for approval.

7.4.4 When all the roads in a development or suburb fit a theme, the road layout of the development is easier to remember. The area will stand out on a map.

7.4.5 A theme may contribute to a sense of community within the area. A well chosen theme with the roads named accordingly can leave a lasting impression long after the development process has been completed.

### **7.5 Noteworthy Person – weighting 1 (*Personal name for special service to the District or community*)**

7.5.1 Persons who have made a notable contribution to the area or the District fall into this category. The contribution which can be duly recognised may be in conservation, community service, sport, arts, military, commerce, local government or other sphere of activity.

7.5.2 Names from local war memorials will be considered where appropriate. Permission of surviving relatives should be obtained where appropriate.

### **7.6 Weighting the Names**

7.6.1 Names may fit more than one category. The weighting reflects the relative importance of the categories and enables names to be ranked in order of merit - with the highest scored being the highest ranked.

## **BACKGROUND TO PROPOSED ROAD NAMES**

### **Road 1**

**First Choice – Hillthorpe Way – Reference Kerikeri – Heritage of Dreams by Nancy Pickmere – pages 45-46**

The land being subdivided is part of Old Land Claim Plan 60 which was originally purchased by James Kemp and subdivided for his family. The subject land was given to Henry Tacy Kemp who built a house on it and called the property "Hillthorpe". The subdivision thus has a direct historical connection to this name, thus giving a level 3 weighting.

### **Second Choice – Wapiti Way**

This name also has a direct historical connection to the land albeit of a more recent nature. The present owners of the land purchased it in the 1980's and set up a small deer farm. Wapiti is a breed of Elk which was farmed on the property and the name conjures up memories of the mighty stags bellowing down the valley during the roar. Given this direct historical link this name also has a level 3 weighting.

### **Third Choice – Lone Gum Lane**

This relates to the sole gum tree at the entrance to the subdivision. As it involves fauna it has a level 2 weighting.

**Road 2 – This is a small stub road running off the main subdivision road and gives access to an adjoining property**

### **First Choice – Wapiti Way**

See above – level 3 weighting

### **Second Choice – Hillthorpe Way**

See above – level 3 weighting

### **Third Choice – Willowtree Way**

This relates to the Willow Trees that the road leads to on an adjoining property. As it involves fauna it has a level 2 weighting.
