Kia ora Selina,

On behalf of NgatiRehia we do not support the name of Hillthorpe Way. This name reminds NgatiRehia hapu /whanau of the injustices of why we lost the whenua to James Kemp and then given to his children. This name is not accepted.

The rest of the names still not reflect the hapu kaitiaki of Kerikeri. The names should be consider, Kauri lane, Puriri place , Harakeke rd. The names suggested reminds NgatiRehia/ Ngapuhi of the colonisation of our people.

Nga mihi

Nora.

Kia ora Selina,

Apologies, for the late response.

Road 1. Where are these roads? This will allow NgatiRehia to comment on the historical stories. NgatiRehia would like to see more Maori road names in Kerikeri which will reflect tangata-whenua history.

Nga mihi

Nora

**Subject:** New Road Name requests for 2 x Roads

Tena Korua,

Can you please advise if the names below will be appropriate for the area in which the customer has indicated.

I have received new road name requests for 2 x roads addressed at 16 Silkwood Lane, Kerikeri as follows:

Road 1

The land being subdivided is part of Old Land Claim Plan 60 which was originally purchased by James Kemp and subdivided for his family. The subject land was given to Henry Tacy Kemp who built a house on it and called the property "Hillthorpe". The subdivision thus has a direct historical connection to this name, thus giving a level 3 weighting.

**Wapiti Way**

This name also has a direct historical connection to the land albeit of a more recent nature. The present owners of the land purchased it in the 1980's and set up a small deer farm. Wapiti is a breed of Elk which was farmed on the property and the name conjures up memories of the mighty stags bellowing down the valley during the roar. Given this direct historical link this name also has a level 3 weighting.

**Lone Gum Way**

This relates to the sole gum tree at the entrance to the subdivision. As it involves fauna it has a level 2 weighting.

Road 2

**Wapiti Way** – as above

**Hillthorpe Way** – as above

**Willowtree Way**

This relates to the Willow Trees that the road leads to on an adjoining property. As it involves fauna it has a level 2 weighting.

Nga mihi,
