Give a brief description of the highlights of your project including numbers participating:

Our Tai Tokerau Timebank membership base has continued to thrive. We currently have over 400 members; are the third largest timebank in New Zealand; and, the seventh largest in the World. In particular, the active membership levels in the Te Hiku Ward have increased from 162 at the beginning of Dec 2020 to 171 at the end of Feb 2021, with a number of potential new members waiting to be inducted. Members continue to help themselves, and others in the community, (and to build feelings of self worth) with no need for cash to change hands.

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

The community has benefited in a number of ways, including: reducing social isolation for members of the community that do not have a traditional support structure; reducing the waste of local resources; reducing the amount of waste going to landfill; encouraging the development of true neighbourhoods that look out for each other and provide support in times of need.

Traditional skills are valued and taught as part of the process of timebank trades; different generations learn to place value in their own skills and knowledge and that of those members from a different generation.

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:
