Project Details

Which Community Board is your organisation applying to (see map Schedule A)?

Te Hiku Kaikohe-Hokianga Bay of Islands-Whangaroa

Clearly describe the project or event:

Name of Activity Pukenui Coast Care
Communit Planting Date april 2021
Location Cnr SH1 + Waterfront Rd Pukenui Time

Will there be a charge for the public to attend or participate in the project or event? Yes No

If so, how much? N/A

Outline your activity and the services it will provide. Tell us:

- Who will benefit from the activity and how; and
- How it will broaden the range of activities and experiences available to the community.

Who will Benefit: Nearby residents will benefit from significant reduction of Fire risk. Locals + visitors to Pukenui waterfront will benefit from having the use of a much tidier, cleaner space to enjoy. Weed clearance will open a beautiful view to the estuary. This area currently attracts Litter + rubbish dumping + defecating in the bushes. Public toilets nearby can be seen once low growing plants fill the area. Pedestrians, walkers, cyclists and others out for exercise will have views from the planted area which is normally obscured by wilding wattles. As vehicles are barred from the wharf unless drivers hold barrier arm access, people in vehicles - travellers, tourists + people making a rest stop can share in enjoying this otherwise beautiful gem location of the north.

Broadens the range of activities: the best views in Pukenui will be made available to all. Public toilets wont be as obscured from people. Emergency service people will be much less likely to be called to fires here (a risk every summer, unless something is done here) given that overhead wires are still in place. Top Energy power supply to the remainder of the Far North will be made a safer supply without the fire risk. children are taught conservation + ecology in schools - here is a living example to experience.
