Project Details

Which Community Board is your organisation applying to (see map Schedule A)?

- Te Hiku
 Kaikohe-Hokianga
 Bay of Islands-Whangaroa

Clearly describe the project or event:

Name of Activity Date

Location Time

Will there be a charge for the public to attend or participate in the project or event? Yes No

If so, how much?

Outline your activity and the services it will provide. Tell us:

- Who will benefit from the activity and how; and
- How it will broaden the range of activities and experiences available to the community.

Due to heavy rain and the field pump breaking down, storm water began to back up and flood the rugby fields. If left untouched the flood water will eventually enter the Awanui Community Hall, rugby changing rooms, implement shed and downstairs area of the Complex building, which includes store rooms and squash courts. Flooding of this nature used to happen pre-2002. This is when the FNDC installed a field pump in 2002 and we have only had one issue in 2011 when the pump failed and water flooded the whole Complex area. All the other years the pump worked brilliantly. This latest break down has seen the Complex committee immediately request help from local contractor, Poo Masters, to use his machines to pump flood waters off our fields. We had his machines for 3 days continuously (continued on separate paper)

Outline of activity continued.

pumping 12 hours a day. A few of us from the rugby club volunteered our hours to ensure the operation ran smoothly and also act as security for the machinery.

The benefit of this activity is our fields and buildings were not flooded although, we lost the opportunity to host the Northland senior mens team training on Thursday 22nd July due to the fields being water-logged and they did not want to risk injury to the players.
