

Kororareka/Russell Community Wharf Kaitiaki Trust

Ref: Letter of Support for the Proposed Russell Tennis Clubhouse

To whom it may concern,

I write as Chairman of the above named trust to offer my support to the Chairperson, committee and members of the Russell Tennis Club in their application to erect a purpose built Tennis Clubhouse.

I have personally known the current chairperson of the club since I arrived in Russell over 11 years ago and witnessed first-hand the transformation and investment she and her team have put in not only the courts resurfacing but their wider commitment in transforming what was an overgrown and somewhat neglected surrounding area.

The members have not only transformed this very important recreational facility but now seek to enhance the experience of the users inc visitors to our historic township.

We must offer support this very important asset not only for Russell but the wider community which will not only be functional but will I'm sure attract new members and ensure it's future success.

Sincerely
