25/08/2020	Notice of Motion - Investigation into Divesting Rangitoto Reserve, Mangonui	<p><b>RESOLUTION 2020/45</b></p> <p><b>That the Te Hiku Community Board:</b></p> <p><b>a) requests that staff investigate the process of divesting the ownership of Rangitoto Recreation Reserve, Mangonui to the Crown.</b></p> <p><b>b) requests that a report be provided back to the Te Hiku Community Board with information and options.</b></p> <p style="text-align: right;"><b>CARRIED</b></p> <p>March 2021 - Legal services initially thought we were to transfer this reserve to DOC, but it appears that that may be more complex than first envisaged., April 2021 - Information from Legal Services to Mr Palmer, the CE and Mayor re Council access and Mr Palmer, weeds and overgrowth on the reserve. , Public cannot access the reserve other than by boat from the seaward side. , Mr Palmer uses part of the reserve to access his property. , Mr Palmer is seeking a reserve management plan (a process managed by SP&amp;P) and funding to tidy it up and remove the weeds. , However, as the public cannot access the reserve it is noted that it would be difficult to justify spending limited resources on a reserve that only 2 or 3 people can access., For the public to gain access to the reserve will require that the Landowner to agree to an easement over his property and the paper road to be realigned in part and an formal agreement or easement entered into with the landowner creating a ROW over the reserve to allow him access as this has never been formalised. And in turn for him to grant council easement over his land which allows access over a corridor on his land to access the reserve. , If one was to use the ROW at the far end of the property the dominant tenements may be required. The public could then access the paper road which takes them onto the reserve. , For Mr Palmer, the issue may be security and interference with his farming operations currently conducted on the land. , The reserve is definitely worthwhile preserving, but while there is no easy access, difficult to justify spending time and money on creating a management plan that would be difficult to implement., The current cost to do a basic weed control exercise is \$20,000 (excl. any potential Heritage NZ costs) with an on-going cost being approx. \$5-\$10,000 annually.</p>
