2) General Summary and Issues.

- 1 Thankyou Blair King and Felicity Foy for visiting Marreine Place and speaking to the residents after the most recent Flooding. We all look**

Forward to all ideas on how this problem can be addressed finally. This visit also included inspection by Blair and Felicity of two other problems within the immediate area and I appreciated the immediate response to these.

2 With elections approaching fast I want to take this opportunity to thank all staff for their help over the last 2 years. It has been a steep learning curve for me, especially in regard to understanding the Process of how things are done but I must admit with your help I have thoroughly enjoyed the challenges of this position however there is so much that can be improved on. I will ensure that relevant information or issues is available to any newly elected representative for the Whatuwhiwhi/ Awanui Ward to enable them to” hit the ground running.”

To the Te Hiku Board members, I have thoroughly enjoyed my time working with you and I wish those of you looking at higher places of responsibility all the success you deserve. Thankyou Bill
