Community Issues

Issue name	Comment
FNDC Roading – NTA	Councillor Steve McNally sent through a request for community board reps to share widely, the request being to reach out to community to share their roading issues in their communities with him, as due to the vast area he covers, the reality is he is unable to drive to each roading area of concern. I understand he has been inundated with email responses.
Otaua road, RFS 4140344	One of the communities reaching out is Otaua. Contact AW, and BW residents of Otaua. Lodged RFS - Call centre saying they have requested tar sealing, they have not at this stage they wish to have dust suppressant used to settle the dust nuisance for the houses and residents at the entrance road to Otaua. many logging trucks and cars of residents, have to enter and exit this part of the road to

	Otaua. They are affected badly by dust. Email also sent to Steve McNally
SH12 RFS 4139540 RESOLVED	Damage to road prior to Christmas, left a number of vehicles from community members damaged, dip left in the road and not repaired to a satisfactory standard following work done for the ultra-fast broadband cabling. Contact was made with Councillor McNally and he forwarded onto NTA contacts and Waka Kotahi contact for repairs. Repairs completed NO further action required.
Kokohuia road RFS numbers are March 2022/ 4096801 & 4102733 Aug 2022 / 4122511 RFS:3898749 There are others	Historical RFS put through from many Kokohuia Road residents. I have noted some of these RFS numbers. Councillor Steve McNally has been sent photos and videos of the state of this road and also of the junction Kokohuia Road/Akiha Street Omapere 0473, unfortunately many of our roads in our rohe, are in this state of disrepair, but as board rep for our community how, do I respond to the complaints and what next for this historical RFS road? Is there a real way forward or a range of funding pools we can apply to address these types of roading issues across our district? Also addressing equity even spread of funding for our smaller Māori villages? A site visit is needed
Otaua Footpath	Further investigation into an area of Otaua, where tamariki ride their bikes to catch the buses into school, phone call came into me, but coverage lost, I am making arrangements with one of my whanau who is from Otaua to take me to meet the kaumatua who reached out, will encourage an RFS be lodged and support them to do so, if they are unable to do the RFS themselves. Health and Safety issue.
Fire Hydrants Omapere/Opononi RFS: 4135612 Date: 21.11.22	I continue to coordinate work regarding the fire hydrants in Opononi and Omapere. Inspection mahi done by Omapere Brigade Fire fighter (F/F) Filia and F/F Rawiri, with FNDC staff. F/F Filia and F/F Rawiri, meet with staff member and walked the roads, December 2022. Their findings below reported to me. I thank her for the quick response to the RFs Lodged by F/F Filia. Email received on 9 January 2022. <u>State Highway 12 / Hokianga Harbour Drive</u> One of the biggest concerns identified was the missing road markers, cats' eyes on the state highway post roading reseals. These should have been reinstated by the roading division. <ul style="list-style-type: none">• FNDC staff will be following this up with Waka Kotahi as it looks like further resealing is in progress, so will request they reinstate the missing markers. Not sure how long this part will take yet?• Far North Waters (FNW) will also need to do planned maintenance of some of these SH hydrants as H&S issues due to placement in the roads. Traffic Management may need to be arranged.

	<p><u>Side streets</u></p> <p>Majority of these were missing markers as well. We found the new subdivision on Opononi Heights had no markers provided with the development.</p> <ul style="list-style-type: none"> • This week, 9 January to 13 January one of our staff will start maintenance on these hydrants. • The hydrants that are difficult to work with the hydrant stand / key are old style hydrants that will need additional investigation, as may require full replacements. <p><u>Cannot locate / buried</u></p> <ul style="list-style-type: none"> • 274 State Highway 12, Omapere (outside pensioner flats) - In berm PRIORITY • 217 State Highway 12, Opononi (buried) - In berm / drain / footpath • 45 Opononi Heights, Opononi <p><u>FNDC GIS Map updates</u></p> <p>FNDC staff will request our GIS team to provide updated maps for the fire brigade as part of this exercise.</p> <p>Much still to do, but progress is being made, again urgency required on these matters.</p>
Hokianga Harbour water quality	Concern on the quality of the harbour water – it changes the silting of the harbour after any rain
Animal Management	Dog control roaming dog – attacked dog – threatened by the dog owner, scared to report

Community Issues

Issue name	Comment
Wastewater discharge to Hokianga Harbour	The hearing for the resource consent renewal for Omapere Opononi and Kohukohu WWTP has been postponed until May. The Rawene WWTP was allocated funding through the Better Off Fund Tranche 1, with support from FNDC, Te Kahui o Taonui and Te Mauri o Te Wai.
Contaminated water from Lake Omapere	Community concern re the ongoing pollution of Lake Omapere, which flows into the Hokianga Harbour. Need for clarity on the role that FNDC has or should have in this issue. Note that the Lake was identified as a drinking

into Hokianga Harbour	water source for Kaikohe when drought threatened to leave the town without water. Money was earmarked for treating the water at that time.
Spraying of roadsides, Rawene	In March 2022 NTA looked at alternatives to Glyphosate spray. The FNDC Strategic Planning Policy Team are working on a Trees & Vegetation Policy that covers agrichemical use by Council. Ideally any Policy outcomes would be aligned for inclusion in the 23/24 Annual Plan (in terms of budgetary considerations).
Hokianga Community Campus access	There are concerns from the wider Hokianga community regarding the current situation and future of the HCC. The FNDC Campus liaison group met with members of Te Puna o Kupenuku to begin to work through the issues.
Litter, waste, recycling services	There is ongoing concern in South Hokianga around litter, rubbish, burning, dumping, and recycling. There is a desire for signage, education, and support for communities to be informed and empowered in this issue. Better waste and recycling services needed in Waimamaku. Local E-waste collection. We have asked for people to feedback on the review of the FNDC Waste Minimisation Plan.
Public access to beach Omapere.	Omapere residents would like to know when beach access opposite Opononi Area School will be reinstated to the public.
Traffic calming, Rwn	There are ongoing safety concerns. FNDC staff trying to negotiate with Waka Kotahi to bring construction forward to 2023/24.
Footpaths Rawene	There are ongoing safety concerns for pedestrians and cyclists.
Pakia Hill footpath above Pioneer walk	Unsafe for pushchairs, people with mobility issues
Rawene Ferry traffic	There are ongoing safety concerns, especially in the summer and around school buses.
Animal control	Dogs roam in Rawene and Opononi Omapere, need for support on this issue.
Fire Hydrants	We are happy to report most hydrants in South Hokianga are locatable, visible and functional.
Erosion to seawall Clendon Esp. Rwn	This safety concern remains unresolved at this point.
Hall, Library Rwn, FNDC assets	There are concerns about the level of service our facilities receive, such as cleaning gutters, repairs, mowing. Community members would like access to maintenance plans.
Freese Park, Lucy Baxter Reserve, Gundry st reserve maintenance, upkeep	There are concerns about the level of service our parks and reserves receive, such as mowing, weed control, litter, covers not replaced safely, drains that don't drain, playgrounds that are not repaired nor suitable for young children. Community members would like access to maintenance plans.
Engagement with FNDC, understanding process.	As representatives we are working to find out how our area can get improved service from FNDC and share this information with our people. We are working with FNDC to better understand and work with South Hokianga, also to follow the aspirations in Community Plans where

	possible. We have called for a 'wish list' that people have for their places and spaces to feed into the South Hokianga CB Strategic Plan and the KHCB strategic plan.
Non-notified vs Notified resource consents	This is an ongoing issue. There is a need for clear guidelines for communities and discussion with FNDC, with regard to public interest on new consents.
Safety in Community	There are widespread concerns around safety in our communities, particularly after the ram-raids, burglaries, dangerous driving and car thefts over summer. There are calls for cameras to be placed in public areas to improve safety and traffic calming measures.
Housing	This is an ongoing crisis that needs support at all levels.
Housing for Elderly	Concerns have been raised around the maintenance, upkeep and wait-list at the Omapere Pensioner flats, and management of the Rawene and Waima pensioner flats.
Safe Cycling	Rawene road from the ferry to the junction with SHW12 needs to be made safe for the increasing number of cyclists we have.
Climate Change	Solar power on all FNDC buildings. There is a strong call for FNDC to take action on reducing emissions and supporting community resilience as the effects of climate change become more apparent.
Roads, dust, 1 lane bridge approaches	South Hokianga are asking for a higher level of service on the maintenance of our roads, safer approaches to 1 lane bridge at Taheke, and truck safety for Taita 1 lane bridge. Improved dust control needed on Waima Valley road. Repairs are sometimes unsatisfactory e.g Ohuri rd repair left a dip instead of flat seal.
Cars abandoned, particularly in waterways	The responsibility of cars near/in tidal zones has now been clarified: FNDC is the lead agency for recovery of abandoned vehicles that are not on a State Highway (including Coastal Marine Area and freshwater bodies). Members of the public to contact FNDC to report.

GENERAL INFORMATION AND GUIDELINES

Ensure that road names are not duplicated in the Far North District (*both spelling and pronunciation to be considered*); this includes same road names with different suffix. To do this, please use www.google.co.nz/maps and search "proposed road name (excl suffix) Northland" to check if proposed names may be duplicates.

Ensure that road type appropriately matches the definition of the suffix, such as 'road', 'avenue' etc. Road names without a suffix are now strongly discouraged (e.g. Broadway). The following definitions provide a guide, but please note that other appropriate suffixes that are not in this list may be used.

Suffix	Definition
Avenue	A generally broad straight roadway planted on each side with trees
Boulevard	A wide roadway well paved usually with trees and grass
Circle	A roadway that generally forms a circle or a short enclosed roadway bounded by a circle
Close	A short enclosed road.
Court	A short enclosed road usually surrounded by buildings
Crescent	A crescent or half-moon shaped street rejoining the road from which it starts
Drive	Wide main roadway without many cross streets - an especially scenic road or street
Esplanade	Level roadway along the seaside, lake or a river
Glade	Roadway usually in a valley of trees
Green	Roadway often leading to a grassed public recreation area
Grove	A road that often features a group of trees standing together
Lane	A narrow way, path, country road or street. A narrow passage between hedges or buildings, an alley
Loop	Roadway that diverges from and then rejoining a main thoroughfare
Mews	Roadway in a group of houses
Suffix	Definition
Parade	Public roadway or promenade
Place	A short sometimes narrow enclosed roadway
Quay	A roadway alongside or projecting into water
Rise	A roadway going to a higher place or position
Road	Route or way between places. General usage. Defined in Local Government Act 1974, Section 315
Terrace	Roadway on a hilly area that is mainly flat
Vale	A roadway along low ground between hills
Way	A winding or curved track or path for passing along

The following are suitable suffixes for particular road types:

Road Type	Suffix
Cul-de-sac (<i>short dead-end street with turnaround at the end</i>)	Close, Court, Place
Wide spacious street	Avenue, Boulevard, Parade

The following are suitable suffixes for private roads and private ways categorised into particular road types:

Hi there,

The consent holder is now wanting to give effect to RC 2200172, a condition of which is to provide road names for the future Road to Vest.

On 22nd August I sent the attached information to Hone Tiatia as a party who was involved in archaeological aspects associated with the site and I believe a representative of Taiamai kit e Takutai Moana RMU. I've received no feedback as yet, perhaps early days, but thought I should send in the road naming application to FNDC to get that ball rolling in the mean time.

Dear Chairperson and Members,

Last year the Far North Search and Rescue Applied for funding from all three FNDC Community Boards to lease the Mid North Rescue Centre at 218 Wiroa Road from Far North Holdings Ltd (FNHL). At the time we were in negotiations with FNHL and the offer we had on the table was \$14,250 plus GST p.a.

We were grateful to receive \$5000 + GST if applicable from each of the boards. We finally took over the lease in December 2022 and we have been very fortunate to negotiate the lease down to \$5795+GST p.a.

We are still waiting for the lease documents from FNHL but would like to ask the Board, that, if we can get FNHL to agree to invoice us for 2 years, could we use the full \$5000 you have already approved to pay the rental.

Yours Sincerely
