The recent weather events caused a lot of water to come onto the Showgrounds property and associated driveway causing damage to the driveway entrance and also flooded the main grounds. The committee would like to have the driveway entrance fixed in such a way that this cannot happen again.

The driveway services both the Showgrounds Hall which is used for community events, campervan parking and is also the only driveway to the Bay of Islands Riding for the Disabled facility.

The works will include:

Approximately 59 metres of swale drain in the paddock to divert hill water run off from Showground driveway. Install cesspit, grates and apron. Install 8 metres of concrete culvert pipes. Install Gabion rock wing wall, outflow and bag concrete, then reinstall driveway and compact.
