Community Issues

Issue name	Comment
Mosaics in Commerce Street	Ongoing issue with removal of Mosaics in Old Pak n Save Site. Looking for ways to compromise for a positive outcome for all. Have discussed with Mike Metcalfe the possibility of removing the 300x300 tiles. He has tested one tile and believes it can be done safely and efficiently. We have discussed options around the cost and how the CB could assist, taking a “compromising” approach to this issue. Whilst we support the Revitalisation project, we have also heard the concerns of the community in support of the mosaics.
Korora & Kaka St Footpaths	Footpaths very unsafe and requires urgent attention. RFS has been submitted many times by community. Issue raised at the Ahipara Aroha meeting in beginning of March. Seeking assistance from the CB.
