Purpose of organisation

Please briefly describe the purpose of the organisation *

The trust has been set up to manage the eradication of Exotic Caulerpa in the Bay of Islands. They have been responsible for getting the technology and processes in place to eradicate the weed by dredging. This has been in conjunction with NRC. They had ambassadors on the water ensuring people were not in the CAN areas to stop the spread. This is a long ongoing project which will be eradication of the seaweed, education to stop the spread of it, and monitoring to keep on top of the problem.

Outline your activity and the services it will provide. Tell us:

- Who will benefit from the activity and how; and
- How it will broaden the range of activities and experiences available to the community.

Project outline: *

This project is to produce quality material that can be used on Social Media and other avenues to communicate, educate and raise awareness. It is two fold:

1. Stop people spreading the Exotic Caulerpa by informing them of the C.A.N area as well as what to do when anchoring in and around the Bay of Islands
2. Seeking donations and sponsorship for the ongoing running cost of this project.

While the project is moving swiftly with the technology, there has not been funding to get the message out to people in the community and many people still do not know how fast growing, and dangerous exotic caulerpa is to our backyard and how the Bay of Islands looks for future generations without this intervention.

This project will benefit the whole community, this problem is in our backyard and is essentially smothering the sea floor, which directly affects our communities' food supply, tourism and business activities, recreational activities for all within the community - the Bay of Islands 'way of life'

We plan to make a series of short videos that will appeal to a wide demographic, which will then be shared on Social Media in a planned campaign targeting audiences we have identified. We will also be producing other material which is not video, but static images we can use for signage, newsletters out to databases etc. The material will also be used on the website and various other online channels.

We have been granted money from NRC for the marketing planning - and this funding will be used to design the briefs, create and run the campaigns.
