- Had the privilege of responding to the Fast Track Approval Bill, Māori Wards Bill, and the Water Services Preliminary Bill. Each was a reminder of two things:
 - o Iwi/Hapu hold a relationship with the Crown and

File Number: A4719012

Author: Llani Harding, Pouhautū Te Hono - Manager - Te Hono

Authoriser: Jacine Warmington, Group Manager - Strategic Relationships

TAKE PŪRONGO / PURPOSE OF THE REPORT

To provide Te Kuaka – Te Ao Māori Committee (Te Kuaka) with the Ka Irihia Te Reo Māori Action Plan (Ka Irihia).

WHAKARĀPOOTO MATUA / EXECUTIVE SUMMARY

- This report provides Te Kuaka with the finalised Ka Irihia Te Reo Māori Action Plan (Ka Irihia).
- Ka Irihia gives effect to the Te Reo and Tikanga Māori Policy adopted in September 2023.

TŪTOHUNGA / RECOMMENDATION

That Te Kuaka – Te Ao Māori Committee receive and endorse Te Reo and Tikanga Policy - Ka Irihia Te Reo Māori Action Plan.

TĀHUHU KŌRERO / BACKGROUND

Te Reo Māori is a living language that needs revitalisation and is unique to Māori and Iwi which distinguishes our identity on the world stage. Iwi and Māori are kaitiaki of Te Reo.

Language is important to everyone and valued by all, without language Far North District Council (FNDC) is unable to convey our messages, tell our stories and connect to our mana whenua partners and communities better.

Te Reo is the medium in which Tikanga Māori, and whakapapa knowledge is shared among generations which provides the mauri life force on marae. Te Reo and Tikanga Māori are inextricably linked, and our internal training approach reflects this dual relationship.

This policy operates on the basis of 'owning it' in that everyone has a role to play in implementing this policy in order for FNDC to achieve its vision.

FNDC has had numerous Te Reo and Tikanga opportunities over the years. These courses have usually been funded by individual departments. This policy looks to align the commitment that each department provides to increasing staff capability in this area.

FNDC has also operated a successful and supportive Waiata Group, set up to support Council at Council events with Cultural support including Kaikōrero, Kaiwaiata and Kaikaranga.

This policy further supports the enhancement of this rōpū and increases the knowledge around the legislative requirements for cultural support within council.

FNDC through the Long-Term Plan aim to build the capability of staff and elected members in Te Ao Māori.

This policy will assist staff in understanding the connections between developing cultural competency in Te Ao Māori through the use and understanding of te reo Māori, in forming lasting and meaningful connections with the community.

This is a new plan.

The vision is that “By 2025, FNDC has increased the use of Te Reo and Tikanga in our workspaces and the public places we manage as a key element in strengthening our partnership with tangata whenua and in delivering effective services.

MATAPAKI ME NGĀ KŌWHIRINGA / DISCUSSION AND NEXT STEPS

Goals and objectives within this plan have been workshoped amongst key staff stakeholder groups to ensure alignment across work programmes.

Goals and objectives also give effect to the Far North District Council Te Pae Tata, Toi Māori and FN2100.

Staff suggest that Te Kuaka – Te Ao Māori Committee endorse this plan with the intention that staff, through the CEO, will commit to achieving the objectives and targets as highlighted within the plan over a 3-year period.

PĀNGA PŪTEA ME NGĀ WĀHANGA TAHUA / FINANCIAL IMPLICATIONS AND BUDGETARY PROVISION

There is no financial implication in endorsing the Te Reo Māori Action Plan. Staff have made provisions within department budgets where it affects this plan

TE HOROPAKI CONTEXT

Te Kaunihera o Te Hiku o Te Ika honours He Whakaputanga o te Rangatiratanga o Niu Tirenī and Te Tiriti o Waitangi as the foundational constitutional documents of Aotearoa. The council acknowledges and gives effect to our Te Pae o Uta framework and the Te Reo and Tikanga Policy.

Te Kaunihera o Te Hiku o Te Ika, located in the Far North District, is the northernmost territorial local authority in Aotearoa. We share borders with the Whangārei and Kaipara Districts and span a land area of 669,251 hectares. Our district boasts an estimated residential population of approximately 74,700 people, with Māori making up over 50% of the total population at around 38,000 individuals. The Far North District is projected to grow to a population of 82,000 by 2043. Our culturally rich area is home to over 200 Hapū, 10 Iwi Rūnanga, and 144 Marae, reflecting our deep and diverse whakapapa.

Te Tai Tokerau holds profound cultural significance for Māori, including Te Rerenga Wairua, the sacred departure place of our spirits; Hokianga, the historic landing site of our tupuna Kupe; and Te Moana Pikopiko o Whiti, where our first constitutional documents, Te Whakaputanga o Te Rangatiratanga o Niu Tirenī and Te Tiriti o Waitangi, were signed.

The introduction of colonial policies and practices had devastating effects on te reo Māori, Māori culture, and identity. Colonisation significantly contributed to the decline of te reo Māori, with historically enforced policies suppressing its use through the education system including corporal punishment, resulting in intergenerational language loss within Māori communities. Today, the lingering effects of these historical injustices continue to impact the vitality and prevalence of te reo Māori.

The Māori Language Act of 2016 plays a crucial role in protecting te reo Māori, and this Te Reo Māori action plan makes a commitment to support revitalisation efforts in Te Tai Tokerau. In the year 2040, marking 200 years since the signing of Te Tiriti o Waitangi, Te Kaunihera o Te Hiku o Te Ika is committed to achieving its goal of having Te Hiku o te Ika become the first regional district to attain Reorua status.

***Kia Toitū Te Reo.
Kia Toitū Te Hiku o te Ika.***

TE TAKE PURPOSE

The purpose of the Te Reo Māori Action Plan for Te Kaunihera o Te Hiku o Te Ika is to affirm the intrinsic value of te reo Māori as a cherished taonga and an official language of Aotearoa New Zealand. This action plan is designed to elevate the council's commitment to tangata whenua, honouring Te Tiriti, giving effect to our Te Ao Māori framework Te Pae o Uta and the revitalisation of te reo Māori. The understanding and use of te reo Māori not only will enrich the lives of all Māori but also all communities of the Far North District. Encouraging all residents of Te Tai Tokerau to embrace te reo Māori will enhance their personal experiences and contribute significantly to the regional and national revitalisation.

By implementing this plan, the council aims to rectify historical injustices, promote social cohesion, and celebrate the unique cultural heritage of Māori within the wider region of Te Tai Tokerau. In September 2023, the Council formally endorsed the Te Reo Māori and Tikanga policy.

INGĀ PAE SCOPE

Te Pae Tata – in near reach, now to 3 years which aligns with the long term plan

Te Pae Tawhiti – the more distant horizon, every ten years, alignment to the regular long term plan (FN2100 – Strategy)

The action plan has been formatted to show the actions to be taken over a 3-year period which is consistent with the Far North District Council Long-term plan period 2024-2027.

This action plan and te reo revitalisation will be led by Te Hono by implemented by all staff Council-wide. This action plan is supported by the Te Kuaka Māori standing committee, mana whenua/ tangata whenua partnerships, memorandum of understanding agreements with Iwi and Hapū.

The Te Reo Māori action plan will be reviewed triennially to ensure the actions are still relevant to the vision of every town and community in Te Tai Tokerau being reo rua by 2040.

Ka Irihia is endorsed by Te Kuaka Te Ao Maori Committee and approved by Council.

TAIAO PORTAL UPDATE

Author: Phillip Grimshaw, Kaitohutohu Taiao Senior Advisor, Te Kahu o Taonui

Authoriser: Harry Burkhardt, Te Kahu o Taonui Co-Chair

TAKE PŪRONGO / PURPOSE OF THE REPORT

The purpose of this report is to update the Te Kuaka – Te Ao Māori Committee and to support the next steps in progressing development of the Taiao Portal.

WHAKARĀPOPOTO MATUA / EXECUTIVE SUMMARY

A web-based Taiao Portal, presents Council with an opportunity to improve working relationships with tāngata whenua and enhance Māori participation in resource management and decision-making processes. Engagement in the process is a statutory requirement for Council under the Resource Management Act (RMA)1991 and Local Government Act (LGA) 2002.

TŪTOHUNGA / RECOMMENDATION

That the Te Kuaka – Te Ao Māori Committee receive the Taiao Portal Update Report and seeks to maintain and support its development specifically with regards to Resource Consent (RC) data sharing and to support Te Kahu o Taonui socialising Iwi/Hapū Environmental Management Plans¹ and Treaty Settlements with Councils Resource Consents Team.

1) TĀHUHU KŌRERO / BACKGROUND

The relationship between iwi/hapū/marae/whānau and Māori in the Resource Management Act (RMA) planning and consenting processes is an ongoing issue across Councils. Similarly, and not surprisingly, NRC is also undergoing a parallel process around its RC processes with an emphasis on how iwi and hapū are engaged².

RMA planning and RC processes are a significant pain point for Māori for a range of complex reasons and unfortunately these issues tend to have wider implications that are manifested across other Council relationship and engagement mechanisms.

In relation to the wider environmental issues and concerns of Māori, the RC process is not necessarily a priority, however the potential impact on Māori values and taonga is significant.

The funding for the Taiao Portal project was sourced from DIA (via FNDC) as part of the 3 Waters programme which consisted of a range of infrastructure projects. As part of that discussion, and support of the projects, Te Kahu o Taonui identified that there would need to be a better way to facilitate iwi and hapū engagement to understand their aspirations to 3 Waters and other environmental matters. Hence the consideration and development of a web based Taiao Portal.

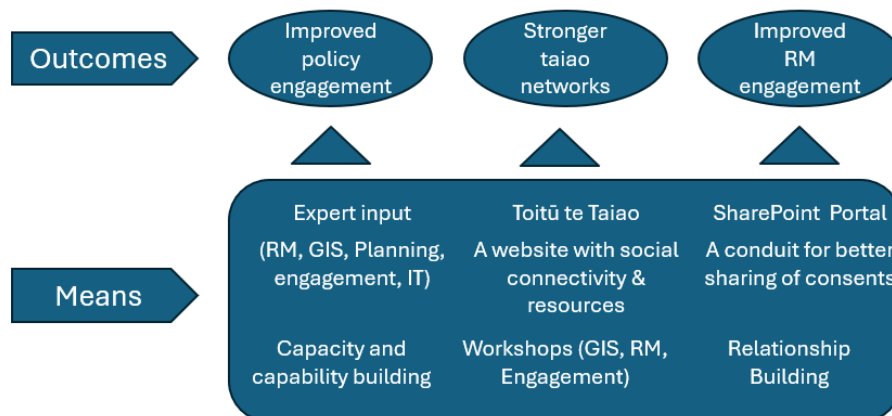

2) MATAPAKI ME NGĀ KŌWHIRINGA / DISCUSSION AND OPTIONS

From Te Kahu o Taonui's perspective, the Taiao Portals objectives are 3-fold:

¹ To support Councils Iwi/Hapū (Environmental) Management Plans Policy.

² See Item 4.7 Resource Consents Review Report – Update. [Agenda of Te Taitokerau Māori and Council Working Party - Thursday, 12 September 2024 \(infocouncil.biz\)](#)

1. To provide better efficiencies in the Resource Consents (RC) process
2. As an information conduit to support wider Council consultation documents; and
3. To provide access to a range of tools to support wider RMA and environmental matters bearing in mind that our Taiao Practitioners are involved across the width and breadth of environmental legislation ki uta ki tai - from the mountains to the sea.

Resource Consent (RC) Processes:

Feedback from Taiao Practitioners have identified a range of pain points:

- Volume and statutory timeframes / notification period of RCs
- Viewing RCs
- Whether Iwi/Hapū Environmental Management Plans (IHEMPs) are being considered effectively, both internally and externally
- Sites of Cultural Significance and other Taonga
- Capacity, capability and cultural understanding
- Recognising Tino Rangatiratanga as a principle for hapū
- There needs to be a better relationship with Planning staff
- There needs to be a better front-end for RC applicants to understand and navigate what iwi and hapū input requires
- Supporting cost recovery processes; and
- The recognition and understanding of Treaty Settlements and MoUs.

In relation to some of the above issues, Council is looking to provide improvements across the system.

For example, TW-P6 within the Tangata Whenua Chapter of the Proposed District Plan (PDP) identifies that the following needs to be considered when assessing applications for land use and subdivision that may result in adverse effects on the relationship of tangata whenua with their ancestral lands, water, sites, wāhi tapu and other taonga:

- a. any consultation undertaken with iwi, hapū or marae with an association to the site or area
- b. any iwi/hapū environmental management plans lodged with Council
- c. any identified sites and areas of significance to Māori
- d. whether a cultural impact assessment has been undertaken by a suitably qualified person who is acknowledged/endorsed by the iwi, hapū or relevant marae, and any recommended conditions and/or monitoring to achieve desired outcomes
- e. any protection, preservation or enhancement proposed
- f. any relevant treaty settlement legislation
- g. any relevant statutory acknowledgement area

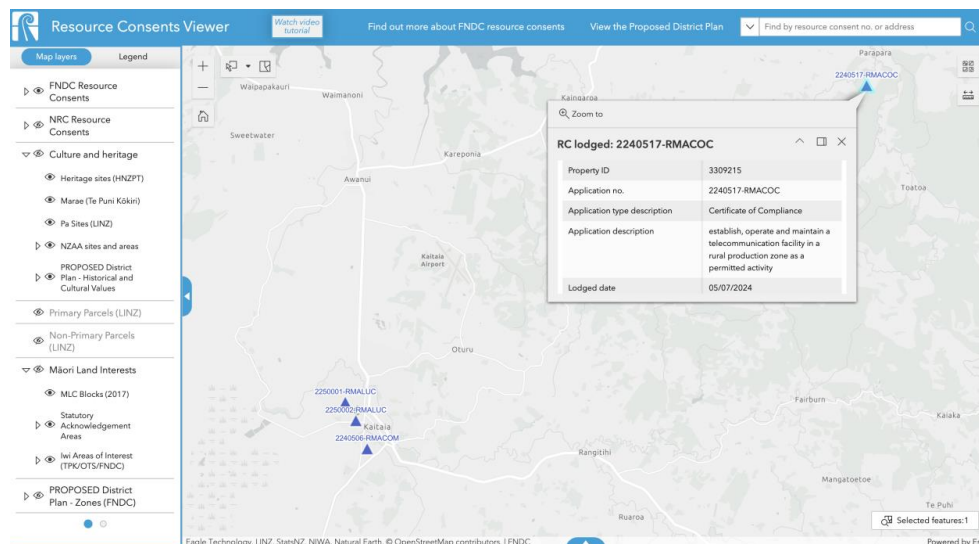

- h. Te Rautaki o Te Oneroa-a-Tōhe/ Te Oneroa-a-Tōhe Management Plan; and
- i. any relevant relationship agreements or arrangement between Council and any Iwi Authority or hapū.

Similarly, in addressing these pain points, Te Kahu o Taonui has co-designed RC Practice and Guidance Notes (PGNs) with our Taiao Practitioners and is looking to workshop these with Councils RC Team.

These PGNs provide a range of improvement opportunities that include, but not limited to:

- Providing a Gap Analysis of both Councils Operative District Plan and PDP
- The development of templates
- When might a Cultural Impact Assessment (CIA) be required and what might this process entail?
- What does engagement with tangata whenua look like before or after the lodging of an RC application; and
- The PGNs could be used to provide additional information to support Councils RC webpages.

Of significant note is Councils GIS Teams development of a draft RC Viewer to spatially show (current and historic) RCs (see below).

Te Kahu o Taonui is currently seeking support from Councils ICT around the sharing of RC data in order to develop a Sharepoint pathway for Iwi Authorities to receive (and return) RC applications.

Other Areas of Opportunity for Improvement:

As identified earlier our Taiao Practitioners identified a range of pain points, however the most consistent themes were around having a better relationship with RC staff, the utilisation of IHEMPs and cultural understandings.

From a Te Kahu o Taonui and Taiao Practitioner perspective the following are areas of opportunity for improvement that needs to be progressed:

- There needs to be better visibility of IHEMPs for RC applicants. Compare NRCs website.

[Plans held by council - Northland Regional Council \(nrc.govt.nz\)](https://nrc.govt.nz)

- Te Kahu o Taonui is looking to develop a process to socialise IHEMPs, Treaty Settlements (and potentially MoUs) with RC Planning staff. This will help develop relationships.
NB: This socialisation would include wānanga &/or workshops and in the first instance will be limited to the RMA. However, there needs to be a wider process of providing opportunities for Māori to contribute to the LGA decision-making processes via their Iwi/Hapū Management Plan and/or Treaty Settlement processes.
- Te Kahu o Taonui is also looking to develop RC templates and Advice Notes for Treaty Settlements.

3) PĀNGA PŪTEA ME NGĀ WĀHANGA TAHUA / FINANCIAL IMPLICATIONS AND BUDGETARY PROVISION

Te Kahu o Taonui and Council staff are currently working through the last milestone as a timely opportunity to reforecast costs and to consider what the potential ongoing operational costs might be to Council outside of BAU operational budgets.

4) CONCLUSION

The development of a Taiao Portal will provide better efficiencies from an RC perspective as:

- FNDCs RCs can be viewed spatially identifying both current and historic applications
- The development of a Sharepoint pathway for Iwi Authorities will enable them to receive (and return) RCs in a timely manner; and
- The development of templates and Practice and Guidance Notes will help to support better RC processes.

MATAPAKI ME NGĀ KŌWHIRINGA / DISCUSSION AND NEXT STEPS

Unused Rating Application form

According to the Amendment Act, rating units of that are entirely unused should not be charged rates. Although many properties were identified as unused when the Act came into force in 2021, there are still many being rated which should be non-rateable.

The application forms that have been created will be passed to owners of properties which are currently rated but may not be used. The owners can provide information which will allow the rating team to change the status of the rate account to non-rateable and write-off any rates, current and arrears, which are on the account.

A copy of the completed Unused Rating Unit application forms in English and Māori has been attached. Feedback from Elected Members will be incorporated before these are issued into production.

Property Reviews

The team completed a review of 48 properties, which were identified as unused in 2021, and the rate account was changed to non-rateable, but an arrears balance remained on the account. The outcome of the review is outlined below:

- 13 – confirmed unused, \$41,882.05 arrears balance written off.
- 35 – confirmed were unused \$122,213.76 arrears balance to be written off.

12 of the above 48 properties– have been identified as unused land. The unused application form to be sent (step one).

We will need involvement from the owner(s) for the properties where we have not been able to confirm, with the current mapping and information, whether this is used or not.

The first step is to send a letter with application form to the owner(s) at the property address. If no communication is received after 30 days, the team will explore options such as reaching out to Rūnanga or others for owner(s) contact details, while safeguarding the owner(s) privacy.

PĀNGA PŪTEA ME NGĀ WĀHANGA TAHUA / FINANCIAL IMPLICATIONS AND BUDGETARY PROVISION

Provision is made for doubtful debts in relation to the arrears owed to council.

Impact on financial performance is expected to be limited as aged balances are provided for under the doubtful debt provision, which offsets the amount written off within the rating year.

Financial implications are relevant to the engagement plan as budget is required to fund this activity.

MATAPAKI ME NGĀ KŌWHIRINGĀ / DISCUSSION AND NEXT STEPS**Rangitoto Reserve**

He whenua taurikura, Rangitoto Te Pā, e ai ki ngā kōrero o tetahi kaumātua, he pakanga i tū ki tēnei Pā, engari kihai tētahi i toa, ehara ko Ngāti Ruaiti, ehara ko te hoariri, ka mutu nā ngā kōrero i raro iho nei te take kua whakawhiwhia tēnei tūtohu whenua. Hei ko tā Margaret Mutu,

“The Waitangi Tribunal found that this land was never alienated by mana whenua and as such still belongs to them. It is listed for return in Ngāti Kahu: Portrait of a Sovereign Nation. The correct action for the Far North District Council to take here is to vest this land back in mana whenua, for them alone to determine how it is to be managed and for Far North District Council to provide the necessary resources needed to carry out that management”.

Council does not have legal vehicle access to the site and public access is only by foot along the beach, so the reserve is not well used and community values may be hard to determine. There is also little research and historical Information available about this site other than land property records.

As the historical values of the site are largely unknown and without public awareness, it was decided that public consultation would not be formally started until a cultural assessment or assessments have been received.

Ngāti Ruaiti Cultural Assessment was carried out by Donna Burkitt endorsed by Te Rūnanga o Whaingaroa. Ngāti Kahu ki Whangaroa have a treaty claim over an area that includes Hihi and Rangitoto Reserve and have also expressed an interest in providing a Cultural Values Assessment.

Progress is now nearing the public consultation.

Consultation during this process took place alongside interested iwi and hapu, community members and Iwi organisations, community board members, council staff and contractors.

Land Status Investigation – Rangitoto Reserve, Mangonui.

I reference to your e-mail dated 31 May 2022, an investigation into the land status and ownership of Rangitoto Reserve has been undertaken. The details are as follows:

LINZ Parcel ID:	5141080
Legal Description:	Allotment 71 Mangonui East Parish.
Area:	5.2609 ha.
Comprised In:	NZ Gazette 1962 p 1297.
Owner:	Far North District Council.
Status:	Land vested in the Far North District Council, in trust, held as a Recreation Reserve subject to the Reserves Act 1977.

History:

- 1) The original Maori alienation details for Rangitoto Reserve is a long and complicated one. Lands in this vicinity were originally sold to European purchasers prior to the signing of the Treaty of Waitangi, these transactions provoked friction between Chiefs Parorua and Nopera Panakareao which resulted in scrips being issued to European purchasers rather than the land itself. The Crown later stepped in the place of the European purchasers by purchasing the land directly from Maori, however the Crown initially was unable to obtain possession of the land because of the conflict between the two chiefs. The Crown subsequently made a further payment to one of the chiefs, in order to settle the dispute that had arisen, with the Crown extinguishing whatever rights or title that the Maori owners may have had by payment of a further agreed sum. These transactions culminated in the Crown purchasing an estimated 17,470 acres of land. The details are set out in items 2), 3) and 6) below.
- 2) On 24 June 1840, Nopera Panakareao sold his tribe's interest in the land at Mangonui to Governor Hobson for the sum of £100 as recorded in Auckland

Deed 5651. Rangitoto is mentioned in the Auckland Deed 5651 and is included within the boundaries described in the deed of the land that was sold to the Crown.

- 3) On 28 May 1841, Pororua sold his tribe's interest in the land that was sold by Nopera Panakareao to the Crown for the sum of £100 and sundry goods as recorded in Turton's Deed No. 1.
- 4) On 7 January 1852, the Crown issued Crown Grant 30H (H1.12) for Lot 2 of Allotment 2 Mangonui East Parish comprising 424 acres together with Lot 3 of Allotment 2 Mangonui East Parish comprising 2 acres in the name of John Lloyd, leaving 'Lot 1' in the ownership of the Crown. Rangitoto Reserve is located within 'Lot 1'. The land that was granted to John Lloyd is depicted on SO Plan 1535^B as No. 2 comprising 424 acres and No. 3 comprising 2 acres.
- 5) Shortly afterwards, the Crown subdivided 'Lot 1' as shown on SO Plan 1535^C creating Allotments 67 to 71 Parish of Mangonui East. SO Plan 1535^C earmarks Allotment 71 comprising 13 acres for a defence reserve.
- 6) Subsequently on 19 May 1863, the Chiefs and people of Te Matetaroha (claims of Pororua and others) made *"a full and final sale conveyance and surrender ... all that piece of our Land situate at Mangonui the boundaries whereof are set forth at the foot of this Deed and a plan of which Land is annexed thereto..."* for the consideration sum of £100 as recorded in Turtons Deed 16. The Deed describes the boundaries of the land as *"The outstanding claims in all the lands in the immediate district of Mangonui which were not clearly included with the former purchases. The portions now set apart for the use of the Natives at 'Waiaua' and 'Taemaro'..."* The two areas that were retained by the Maori owners, i.e., 'Waiaua' and 'Taemaro' do not form part of Allotment 71 Mangonui East Parish as they are located further to the north and north-east of Rangitoto Reserve.
- 7) In February 1878, Allotment 71 Parish of Mangonui East was surveyed as shown on SO Plan 1560. This plan shows the location of Rangitoto Pa.
- 8) On 13 April 1878, the Governor temporarily reserved from sale Allotment 71 Parish of Mangonui East for the purpose of public defence as published in the NZ Gazette 1878 p 570 pursuant to the provisions contained in section 144 of the Land Act 1877.
- 9) On 18 July 1878, Allotment 71 Parish of Mangonui East was permanently reserved for public defence as published in NZ Gazette 1878 p 1017 pursuant to the provisions contained in section 145 of the Land Act 1877.
- 10) In 1962, the purpose of the reserve was change from a reserve for defence purposes to a reserve for recreation purposes and at the same time Allotment 71 Parish of Mangonui East vested in the Mangonui County Council, in trust, as published in the NZ Gazette 1962 p 1297 pursuant to the provisions contained in the Reserves and Domains Act 1953.

Conclusion:

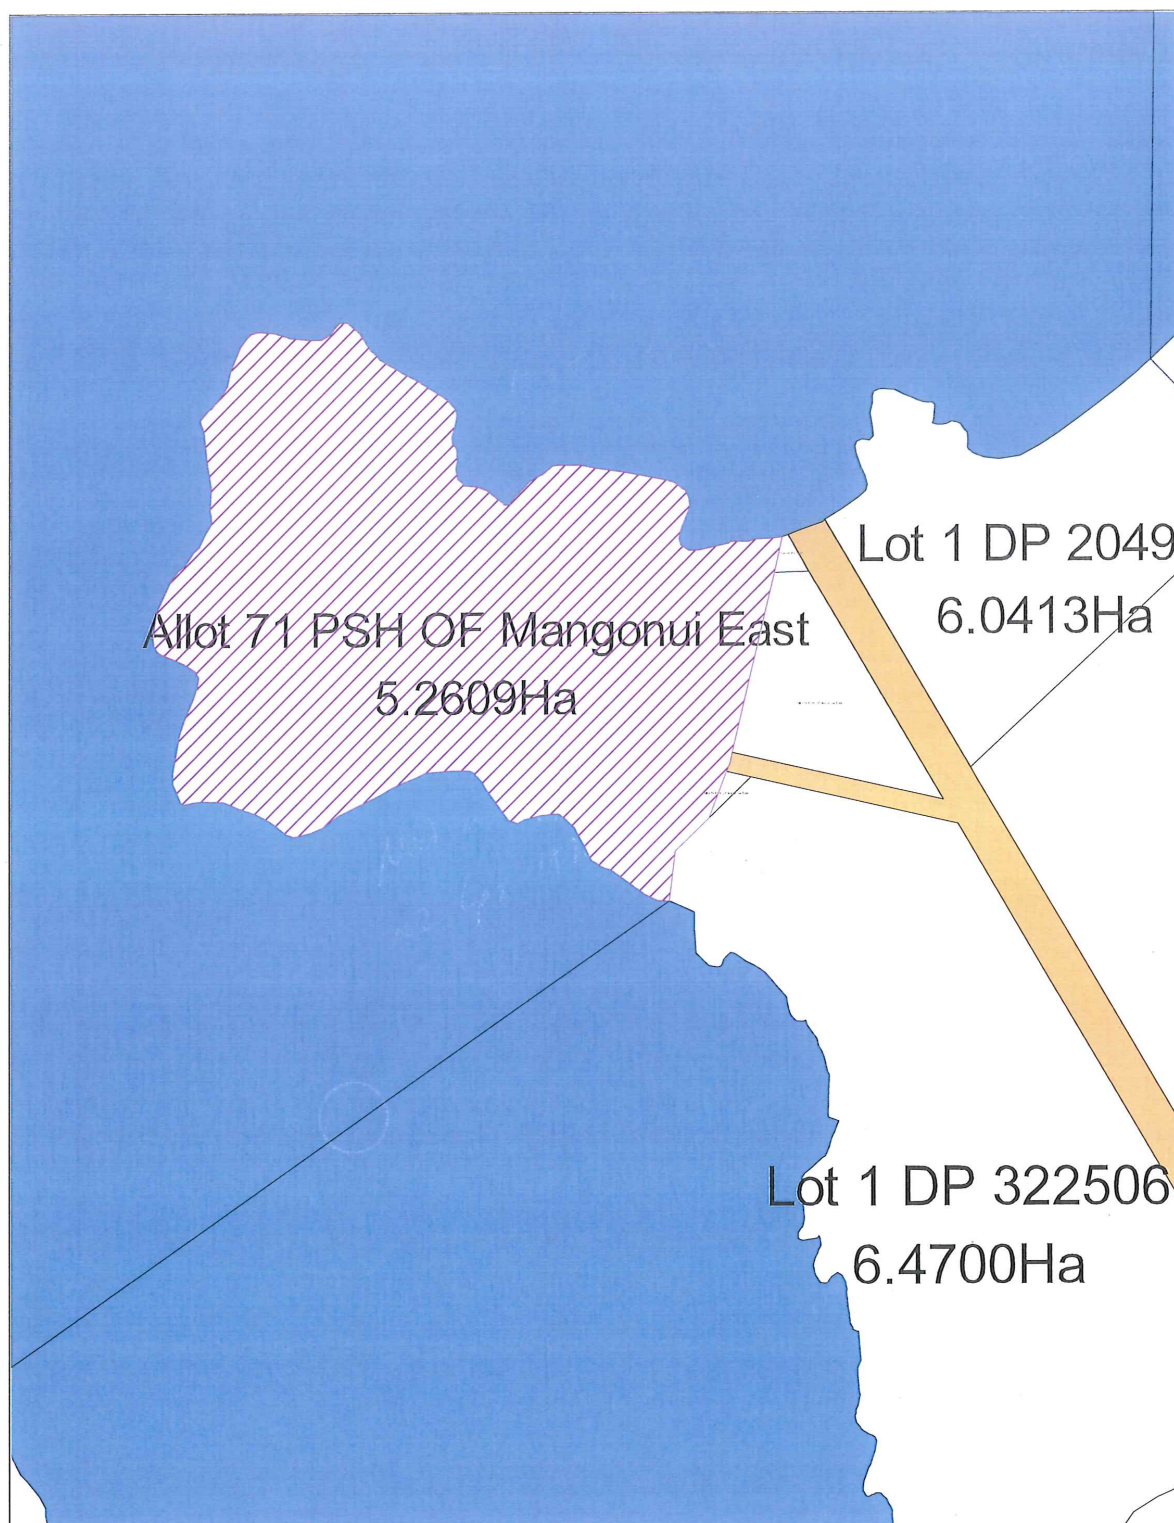

Allotment 71 Parish of Mangonui East is vested in the Far North District Council, in trust, as successor to the Mangonui County Council for the same purposes as held by the Mangonui County Council by virtue of Clause 49 of the Local Government (Northland Region) Reorganisation Order of 1989 as published in the NZ Gazette 1989 p 2397.
