

Project Report COMMUNITY GRANT FUND - LOCAL

At the completion of a project that received community funding, recipients are required, as stated in the Community Grant Policy, to submit a Project Report to the Community Board. Project Reports are to be received no later than two months after the completion of the project or if the activity is ongoing, within two months of the funding being spent.

Applicants who fail to provide a project report within the required time will not be considered for future funding.

Give a brief description of the highlights of your project including numbers participating:

Our project was a highly technical Geo Tech investigation into the ground suitability to support our proposed canopy structure over our top green at Coopers Beach Bowling Club.

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

The findings were positive in that the sub-terranean structure will support the massive footings required to create the canopy. They did reveal that the footings would have to be dug to 4.5 m depth and adjustments were made by Shadesystems.

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:

I have sent through the full Geo Tech report and an accompanying letter and apologize for not teaming it up with this official document.
