Authoriser: Ruben Garcia, Group Manager – Community and Engagement

TAKE PŪRONGO / PURPOSE OF THE REPORT

To seek the Bay of Islands Community Board recommendation to Council to initiate public consultation on the granting of a new ground lease over part lot 37 Te Kemara Avenue, Waitangi, being recreation reserve under Section 54 Reserves Act 1977, to TriOceans Limited

WHAKARĀPOPOTO MATUA / EXECUTIVE SUMMARY

- TriOceans Limited seek to give the Tui at Waitangi a new lease of life through alterations which will promote a marine exhibition space, classroom, café and toilets.
- TriOceans Limited own the boat and have a resource consent with Northland Regional Council for the placement of the boat within the water.
- They are requesting a ground lease over the reserve directly in front of the boat to place a ramp for accessibility and to provide carparks to the facility.
- The Reserves Act 1977 requires public consultation on the issuing of a ground over a Recreation Reserve when no Reserve Management Plan is in place.

TŪTOHUNGA / RECOMMENDATION

That the Bay of Islands - Whangaroa Community Board recommend to Council:

a) that the public consultation process is commenced on the granting of a new ground lease to TriOceans Limited over part lot 37 Te Kemara, Avenue, Paihia, Recreation Reserve being approximately 706.9 square metres, held in New Zealand Gazette 1980 page 2049.

b) The terms of the proposed lease shall be:

- **Term: 30 Years (10+10+10)**
- **Annual Rental: \$121 plus GST for 2024/25 and reviewed annually in conjunction with the FNDC Fees and Charges Schedule; and**

c) That the Bay of Islands – Whangaroa Community Board is appointed to hear any submissions received in response to the consultation process and to make recommendations to Council.

1) TĀHUHU KŌRERO / BACKGROUND

TriOceans Ltd & The TriOceans Education Trust

TriOceans Ltd (The Tangaroa Research Institute of Oceanographic Studies) is a collective of scientists and innovators with a strong academic foundation in marine mammal science and marine education. Their mission is to conduct high-quality research, inspire conservation through education, and integrate Mātauranga Māori with modern scientific techniques. Established in 2015 in the Bay of Islands, they have been dedicated to enhancing their understanding of the marine environment and fostering its protection.

In 2023, recognizing the need to formalize and expand their charitable work, they established the **TriOceans Education Trust**. The Trust is governed by a highly skilled and passionate board, consisting of Hapū representatives, educators, and scientists. The Trust's core objectives are:

“To inspire and educate the people and communities of New Zealand on the importance of Aotearoa’s marine environment, empowering all ages to connect deeply with te moana and support its conservation through kaitiakitanga. This is achieved by interweaving significant scientific research, Mātauranga Māori, and hands-on educational programs.”

Through both TriOceans Ltd and the Trust, they have delivered significant marine research, custom education programs such as the Marine Kaitiaki Program, and the ESTEM Global Awards Program for Northland schools. Their work has brought about real, positive changes for the Northland marine environment, impacting both local communities and broader conservation efforts.

The Tui: A New Vision for Marine Education

As part of their ongoing efforts to connect people with the marine environment, TriOceans Ltd has acquired the Tui—an iconic local structure—which will be run by the TriOceans Education Trust. They propose transforming the Tui into a multi-functional marine education facility that is accessible and free to the community. This innovative space will feature three key areas:

- **An Education Centre:** A space for interactive learning about marine ecosystems, conservation, and Mātauranga Māori.
- **A Dedicated Classroom:** A venue for tailored educational programs, workshops, and activities.
- **A Community Gathering Space/Café:** A welcoming space for the community to meet, discuss marine issues, and enjoy a cup of coffee, while promoting informal learning and engagement.

Historically, the people of Northland have had a deep and lasting connection to the marine environment, living by and from the sea. However, opportunities for many to fully understand and engage with the changing dynamics of marine ecosystems and their connection to Mātauranga Māori have been limited. The need for a community space that celebrates this identity and empowers people to protect and conserve the local marine environment has never been more pressing.

By revitalizing the Tui in this way, they aim to provide the people of Northland with a place to connect, learn, and engage with the marine environment in a meaningful way. They are committed to ensuring that this facility is inclusive, accessible, and effective in promoting community-driven marine conservation.

TriOceans Limited are now requesting a ground lease of part of the reserve area located directly in front of the Tui. The area would be used to provide accessible parking and ramps, ensuring that the facility is wheelchair accessible for the first time. This will enable all members of the community to participate in their programs, regardless of physical ability. They do not intend to run day-to-day activities on the reserve.

For clarity, TriOceans Limited are the legal owners of the Tui and are responsible for compliance, maintenance and overall running of the property. TriOceans Educational Trust lease part of the ship from TriOceans Limited to provide the public education work.

Proposed access ramps and carpark:

2) MATAPAKI ME NGĀ KŌWHIRINGA / DISCUSSION AND OPTIONS

TriOceans Limited have requested a lease over the entire reserve to safeguard and manage the area consistently. However, part of this reserve is utilised for Waitangi week celebrations, and providing a lease over the whole section would reduce the area permitted for these celebrations.

TriOceans Limited own the boat, and TriOceans Educational Trust hold a 100 year lease of the building and will be the group running it. Funding to undertake repairs is being sought through the Trust.

Resource Consent was granted to construct access ramps and landing areas on 17 February 2025.

Engagement with iwi and hapū has been carried out by TriOceans Limited as part of their Northland Regional Council draft consent application. Whilst there is clear support for this project, Far North District Council is required to carry out public consultation as part of the granting of a lease over recreation reserves, as per the Reserves Act 1977.

Delegation to Council

The 2013 Minister of Conservation Reserves Act Delegations provide for Local Authorities to wear the hat of the Minister for delegated actions over vested recreation reserves.

Section 54(1) of the Reserves Act 1977 ("the Act") provides for Council, with the prior consent of the Minister, to grant leases over recreation reserves. From 2013, prior consent of the Minister is delegated to Council.

Section 54(2) Reserves Act 1977 requires public notification of the proposed lease action where no current reserve management plan is in place for the vested recreation reserve.

Council resolution to commence public consultation satisfies the prior consent of the Minister and the public notice requirements.

Council delegations: the role of the Board vs the role of the Council

Community Boards are delegated to provide recommendations to Council in respect to applications for the use and/or lease of reserves not contemplated by an existing reserve management plan.

The Bay of Islands - Whangaroa Community Board is therefore now required to make a recommendation to Council in respect of the proposal.

The options for this site are:

Option 1: Recommended

That the Bay of Islands - Whangaroa Community Board recommend to Council:

- a) that the public consultation process is commenced on the granting of a new ground lease to Trioceans Limited over part lot 37 Te Kemara, Avenue, Paihia, Recreation Reserve being approximately 706.9 square metres, held in New Zealand Gazette 1980 page 2049.
- b) The terms of the proposed lease shall be:
 - Term: 30 Years (10+10+10)
 - Annual Rental: \$121 plus GST for 2024/25 and reviewed annually in conjunction with the FNDC Fees and Charges Schedule; and
- c) That the Bay of Islands – Whangaroa Community Board is appointed to hear any submissions received in response to the consultation process and to make recommendations to Council.

Option 1 is for part of the reserve, allowing the TriOceans Limited to establish access to the Tui , ensuring that the facility is wheelchair accessible for the first time. This will enable all members of

the community to participate in their programs, regardless of physical ability. They do not intend to run day-to-day activities on the reserve.

Option 2:

That the Bay of Islands - Whangaroa Community Board recommend to Council:

- d) that the public consultation process is commenced on the granting of a new ground lease to Trioceans Limited over lot 37 Te Kemara, Avenue, Paihia, Recreation Reserve being approximately 2044.57 square metres, held in New Zealand Gazette 1980 page 2049.**
- e) The terms of the proposed lease shall be:**
 - Term: 30 Years (10+10+10)**
 - Annual Rental: \$121 plus GST for 2024/25 and reviewed annually in conjunction with the FNDC Fees and Charges Schedule; and**
- f) That the Bay of Islands – Whangaroa Community Board is appointed to hear any submissions received in response to the consultation process and to make recommendations to Council.**

This option allows for a lease over the entire reserve as requested initially by TriOceans Limited. This option is not recommended as it reduces the area of land available for members of the public during Waitangi week.

Option 3:

- a. Decline TriOceans Limited request for a new ground lease.
- b. Advise TriOceans Limited to find other ways to access the Tui.

TAKE TŪTOHUNGA / REASON FOR THE RECOMMENDATION

The only way to access the Tui is through the Far North District Council recreation reserve land. Relocation of the boat is not an option. There is clear support from iwi and hapū that has been presented as part of the Northland Regional Council consent application.

As per the Reserves Act 1977, Council can grant exclusive leases to part or all of a reserve for a maximum term of 30 years.

Public Notice is a statutory requirement under Reserves Act for the leasing of a Recreation Reserve.

Public consultation will enable the Bay of Islands Community Board and Council to assess the community's engagement with TriOceans Limited proposal. Public consultation gives the community the opportunity to put forward alternative options for the use of the site.

3) PĀNGA PŪTEA ME NGĀ WĀHANGA TAHUA / FINANCIAL IMPLICATIONS AND BUDGETARY PROVISION

TriOceans Education Trust is a registered charity (CC62277) and will be running the boat/building. It is intended to provide a community benefit and not a commercial venture.

The lease will provide for the lessee to be responsible for all ongoing maintenance of the associated green space.

All improvements will be owned by TrOceans Limited.

The annual rent will be in conjunction with Far North District Council Fees and Charges Schedule and amended annually.

Letter sent to Planning and Policy staff regarding the Kerikeri Walks.

FNDC Planning Dept

Re BING PROPERTY

From Lane Ayr BOI Community Board Kerikeri SB

I was recently approached by Mr Bob Bingham from "Kerikeriwalks" Bob is a long time community volunteer one of many that create, maintain and promote local walking tracks. As you will appreciate it is our community volunteers that provide those services that enhance the community and would be unaffordable from Council resources.

Bob and his group have several walking tracts through the BING Property that has recently sold and in the process of being developed. He has been in contact with the Developer who has indicated that he plans several "reserves" within the property.

It is presumed by most parties that there will be space for a "track" along the river, public access to the river was noted in several submission.

Concern is raised that if there are other reserves formed that they, if possible, should be able to be connected to the river track, connectivity is of great importance.

When developers trade reserve space for some concession there should be benefit to the entire Community I would point out the fenced tennis court that is in fact a reserve created at Alderton Park in Kerikeri. There is no benefit to the Community yet the ratepayers are expected to repair.

I have attached several pic that may be of interest

Yours sincerely

Lane Ayr

tion Ground Inc., was set up with a committee consisting of Messrs E.S. Ainsworth, J.R. Lyness, A.M.V. Greig, T.B. Swann, F. Butler, S. Bates and E. Cooper. Six acres were purchased from the Corporation and a group, Recreation Reserve Inc., was founded with a subscription of five shillings per annum. By 1936 the purchase was complete and a small pavilion had been built. Syd Jolly subsequently made a gift of another 3 acres. During the 1930s the drive for district amenities continued to be spearheaded by the Settlers Association, with between fifty and sixty members at meetings. Captain Voelcker resigned the chairmanship after five years. A. Tomlinson was chairman for two years during which time a rural delivery service was inaugurated with the acceptance of the tender of C.O. Tubbs. Prior to this, mail was delivered by the storekeepers in their delivery vans. An aerodrome site was decided on. Such matters as roading, rail and taxi service and afforestation of Crown lands were constantly on the agenda.

Through pressure from the Settlers Association and from Councillor H.T. Bates, relief workers were employed on Bulls Road and, by 1936, it had been re-formed and metalled. In the same year a bridge was built as access to a road down the Kerikeri Inlet, to link up with Paihia. It was, in hope, named Waitangi Road. Springbank Road was also re-formed.

Reginald Waters became chairman of the Association in 1938, with H.M. Alexander taking over the position of secretary. Only a matter of months later, Waters fell from his horse and died. He had served as secretary-treasurer from the inception of the Alderton Group Settlers' Association in 1929 and in the same capacity in the Kerikeri Settlers' Association from 1931. He had given devoted service to the community, assuming in his executive position much of the responsibility for establishing the horticultural concept, and his administrative expertise had contributed to the founding of what was virtually a new municipal district. His death was a great shock and loss to the whole community. With donations stone gateposts were erected to his memory at the entrance to the Domain. At a ceremony on 25 April 1940, a plaque was unveiled by Dr James Greig.

Alex Knowles served as chairman of the Association for the following three years, 1938-41. The community was again saddened when Alex died at an early age, leaving his widow, Sis, and young daughter, Mary.

Others who took executive positions in the Settlers' Association were J.A. Cresswell, E.P. Moir, A.H. Pickmere, M.E. Marples, G.G. Thorpe, T.B. Swann, J. McManaway, J.B. Gaisford, D. McGregor-Macdonald, G. Drake and J. Kendall. H.T. Bates was a zealous, consistent advocate and long-term worker for the community. The Association had been very much a male preserve, with women invited only when catering was required. However, on 15 May 1935, it was graciously resolved "That lady members of the family of a commercial member be allowed to attend meetings."

With citrus coming into production, under the auspices of the Kerikeri Settlers Association, a meeting of growers was called in October 1934 to discuss some form of co-operative scheme for the grading, curing, packing and marketing of the fruit. At a meeting at the end of January 1935, growers agreed to support the proposed society. A provisional committee went ahead with plans for the building and equipping of a citrus curing and packing shed. After several visits to Wellington by A.R. Emanuel, and many meetings with Government officials, the Society was able to negotiate a loan of £7,000 with a grant of £500 contingent upon each grower raising a like sum. The number of growers subscribing to the scheme had increased to fifty, representing 24,445 trees. The growers agreed to support the scheme with a levy of 6d per planted tree and 3d per packed case of
