Kaikohe-Hokianga Community Board 21/02/2025	Ground lease requests over Kaikohe landfill	<p>RESOLUTION 2025/6</p> <p>Moved: Member Jessie McVeagh Seconded: Member Harmonie Gundry</p> <p>That the Kaikohe – Hokianga Community Board recommend that Council deny all new ground lease requests over Part 3 and 4 DP 22327 Blk XV Omapere SD, located at Recreation Road, Kaikohe and vested in Far North District Council as recreation reserve, known as the Kaikohe Landfill, due to health and safety risks.</p> <p><u>Abstained:</u> Deputy Chairperson Tanya Filia</p> <p style="text-align: right;">CARRIED</p>	<p>28 Mar 2025 10:09am Community Board Coordinator Report has been escalated to 10 April Council meeting for a decision.</p> <p>28 Apr 2025 12:56pm Team Leader, Property Management More information requested before passing resolution. A workshop will be held by staff with Councillors and CB members at a later date</p> <p>27 May 2025 2:44pm Community Board Coordinator The Property Team are progressing internal reports and a handover due to staff changes. An update on next steps will then be provided.</p> <p>24 Jun 2025 11:56am Delivery and Operations Group • Status: On hold, • Reason: Requires extensive ground engineering and monitoring to assess site capability</p> <p>21 Jul 2025 2:07pm Delivery and Operations Group At present, the site operates with a sump pump managed by a basic float switch. While the pump appears to be operating as expected, we currently don't have the consistent or robust data needed to confidently progress any new projects or upgrades at the site., As part of the leachate pump station review Simon led earlier this year across our three closed landfill sites Kaikohe, Russell, and Ahipara it became evident that Kaikohe requires improved telemetry and flow monitoring to meet both operational and regulatory expectations., Since Simon's departure, Leeara Maxwell (secondment) has picked up the project to coordinate the installation of flow meters across all three sites. , Recent Actions:, • Kaikohe's flowmeter was installed last week by McKay Electrical, which enables integration with the new telemetry system., • The next step is to calibrate and test the equipment so we can begin collecting reliable data., • We'll need at least 12 months of data to establish a leachate discharge pattern and assess whether current pumping volumes are sufficient for ongoing compliance, particularly over wetter periods., This data will form the foundation for any future capital works planning and will also support upcoming consent requirements. Just as an FYI, alongside this project, we are also having to reapply for a resource consent with NRC for the site and this work is already underway and is with our infrastructure planner team. , In the meantime, we will be placing all projects related to our closed landfills on hold until our new Waste Minimisation & Sustainability Specialist joins us on 18 August 2025. Again, they bring significant experience in solid waste and project delivery and will be well positioned to take this work forward and provide consistent updates as things progress.</p> <p>03 Mar 2026 Delivery and Operations Group The resource consent for the Kaikohe closed landfill was granted on 4 November 2025. A Landfill Gas Management Plan (LGMP) has been prepared by NZ Environmental Management in accordance with the</p>

			<p>consent requirement to provide this within three months of commencement.</p> <p>The LGMP confirms that activities involving ground disturbance on the capped landfill areas present environmental and health and safety risks. These include potential damage to the landfill cap and the presence of landfill gases that require mitigation. As is typical for closed landfills, the land may also continue to settle over time, limiting suitability for structures or services requiring stable foundations. These constraints apply primarily to the capped landfill footprint. Adjacent areas, including overflow zones and non capped spaces, may remain suitable for low impact recreational activities that do not require ground penetration. Any future proposals would need to be assessed against the Reserve Management Plan, the Post Closure Management Plan, and the resource consent conditions.</p>

<p>Kaikohe-Hokianga Community Board 5/09/2025</p>	<p>Notice of Motion - Disestablishment of Taxi Stands in Kaikohe & Relocation of Clifford Street Loading Zone</p>	<p>RESOLUTION 2025/79</p> <p>Moved: Member Mike Edmonds Seconded: Cr John Vujcich</p> <p>That the Kaikohe-Hokianga Community Board recommends to Council that the taxi stands in Kaikohe (Clifford Street and Memorial Ave as noted in schedule 2 of the Far North District Council Parking Bylaw 2022) be disestablished and that the Clifford Street loading zone (also schedule 2) be moved to the location of the disestablished taxi stand, with the following comments:</p> <ul style="list-style-type: none"> a) this recommendation is made without the benefit of council staff advice. b) however, given that there haven't been any taxis in Kaikohe for almost 20 years and that there is only one another taxi stand in all of the Far North, this shouldn't be an issue. c) the loading zone is mostly occupied by resident car parking and is on the wrong side of the street for pallet deliveries for the Bank Bar. The taxi stand is often occupied by cars making it unsuitable for loading. d) unless the staff advice would counter to this recommendation or there is information that necessarily should be considered by the board, no further presentation to the board is necessary before a paper supporting this is presented to council. e) the purpose of this action is to reduce council spending on taxi stand upkeep (signs and road marking) for no reason, to free up parking for 	<p>08 Sept 2025 11:35am Democracy Advisor This Notice of Motion will be escalated up to the Council meeting 25 September 2025. Following that meeting this action item will be removed from the KHCB open resolutions list and will continue to be managed operationally by the relevant service/s.</p> <p>08 Sept 2025 11:47am Democracy Advisor - Reallocation Action reassigned to Warrington, Jacine by Baker, Marlema - This Notice of Motion was considered by the CB on 5 September 2025 and was carried. It needs to be escalated up to Council however, given the size of that agenda, I suggest it gets placed into the "holding pen" folder on the grounds that is a new NOM brought by a current candidate (similar to Hilda's NOM).</p> <p>13 Nov 2025 3:42pm Strategic Relationships Group Staff are preparing relevant information to accompany this notice of motion for council consideration at December council meeting.</p> <p>02 Feb 2026 3:46pm Planning and Policy Group Advice from Transport indicates that if the Community Board wishes to convert the existing taxi stand to a parking area, consultation will be required with adjacent businesses. Feedback obtained will assist in identifying if this change can or should be made.</p> <p>27 Feb 2026 5:26pm Community Board Coordinator Staff are seeking further information about any upcoming bylaw reviews and best next steps.</p>
