Members need to stand aside from decision-making when a conflict arises between their role as a Member of the Community Board and any private or other external interest they might have. This note is provided as a reminder to Members to review the matters on the agenda and assess and identify where they may have a pecuniary or other conflict of interest, or where there may be a perception of a conflict of interest.

If a Member feels they do have a conflict of interest, they should publicly declare that at the start of the meeting or of the relevant item of business and refrain from participating in the discussion or voting on that item. If a Member thinks they may have a conflict of interest, they can seek advice from the Chief Executive Officer or the Manager - Democracy Services (preferably before the meeting).

7 NGĀ PŪRONGO / REPORTS

7.1 NEW ROAD NAME: 190D MIDGLEY ROAD, MANGONUI

File Number: A5925063

Author: Aylah Williams, Transportation Support Officer

Authoriser: Margriet Veenstra, Manager - Property Information & Business Compliance

TAKE PŪRONGO / PURPOSE OF THE REPORT

That Te Hiku Community board name a right of way that is located at 190D Midgley Road, Mangōnui.

WHAKARĀPOOTO MATUA / EXECUTIVE SUMMARY

- A road naming application was received on the 21st of May 2026 for the naming of a private access way.
- Land Information New Zealand confirmed the proposed road names are acceptable for use and comply with addressing standards.
- Matarahurahu hapū were consulted and indicated support for the recommended name.
- The allocation of names for previously unnamed local roads is delegated to the relevant Community Board, subject to consultation with the community.
- Approval is sought for the name Lovedays Lane.

TŪTOHUNGA / RECOMMENDATION

That Te Hiku Community Board name a right of way “Lovedays Lane” that is located at 190d Midgley Road, Mangōnui.

1) TĀHUHU KŌRERO / BACKGROUND

The applicant submitted a road naming application on the 21st for a right of way located at 190d Midgley Road, Mangōnui. The associated resource consent creates one additional rural allotment with an existing private access serving the site. In accordance with the Road Naming and Numbering Policy and the conditions of the associated resource consent, a road name is required.

The applicant proposed the names Michaels Way and Michaels Lane in remembrance of his son who passed away in a nearby waterway many years ago. The applicant also proposed Lovedays Lane as the third preferred option in recognition of the Lovedays family, who own property on the private accessway and have lived in the area for many years.

The proposed road names were submitted to Land Information New Zealand (LINZ) for assessment. LINZ confirmed that all three proposed road names were acceptable and comply with the Addressing Standards 2011, with no objections raised.

Feedback was received from Matarahurahu, expressing a preference for Lovedays Lane over the other names proposed. Concerns were raised regarding the use of road names associated with a deceased person and noted that the deceased should be left to rest, with reference made to the whakataukī “rātou te hunga mate ki te hunga mate, tātou te hunga ora ki te hunga ora” (the dead with the dead, and the living with the living). While no formal objection was raised, the feedback was taken into consideration, and the recommended road name was revised from Michaels Way to Lovedays Lane.

2) MATAPAKI ME NGĀ KŌWHIRINGA / DISCUSSION AND OPTIONS

Option 1 (Recommended)

Approve: Lovedays Lane

Advantages:

- Supported by the applicant and hapū
- Complies with FNDC policy
- Approved by LINZ

Disadvantages:

- None identified

Option 2

Approve: alternative names

Advantages:

- Allows additional consideration.

Disadvantages:

- Does not align with supported recommendation by the applicant and hapū
- Delays completion of the application and allocation of the property address

TAKE TŪTOHUNGA / REASON FOR THE RECOMMENDATION

The road names recommended in this report are not duplicates of any other road names in the district, therefore meeting the criteria set down in the Council's Road Naming and Property Numbering Policy and the Australian/New Zealand Addressing Standard - AS/NZS 4819.2011.

3) PĀNGA PŪTEA ME NGĀ WĀHANGA TAHUA / FINANCIAL IMPLICATIONS AND BUDGETARY PROVISION

There will be no financial implications to Council relating to the installation of the road name signs (blue on white background name blade). The cost of the road signage and installation will be met by the applicant.

Kia Ora Aylah I'm not to keen on these decisions especially when we have no input into any naming with our rohe that doesn't reflect or maintain the knowledge within our whenua, and whanau, but this process is not the best process and doesn't consider the cultural significance of these kainga or wahi to our people.so that's my thoughts but if I was to say something about the names Lovedays would be the most appropriate to me as the other names tied to the loss of their boy which I don't think should be used as to us we let them rest and we dont mix the living with those that have passed," ratou te hunga mate ki te hunga mate " (the dead to the dead) "tatou te hunga ora ki te hunga ora" (us the living with the living") so i hope that satisfies the question or my thoughts on behalf of my hapu here nga mihi ki a koe.

Give a brief description of the highlights of your project/activity

For the swings it took quite a while for us to find the additional funds required to get the swings installed which is why this report

has not been able to be completed till now. On Thursday 11

th September we finally got to open the swings in our playground and

they are so popular we need a teacher timing the turns with lines of children queuing up!

Both the junior and senior students are

getting so much fun from them and to have 6 at a time is just amazing. The highlight is the number of volunteers who came

together to help us as the time consuming (and expensive part) is the Grade 4 bark required for a public playground.

Our community came together to purchase raffle tickets to support the installation of the swings. We had to raise an additional

\$8k over and above the funding we received to get the swings in the ground. The truck loads of bark seemed onerous but we had

groups of students at lunchtimes, ladies doing fitness at our school choosing to do loads of bark in lieu of their normal exercise

routine and a dad who brought his tractor down for the last load to spread it much quicker than the wheelbarrow!

Now our 231 tamariki along with visitors out of school hours are all enjoying the use of the swings.

Please provide details of how you acknowledged the funding you received from the Board (including any photos or marketing collateral) *

If it wasn't for our Te Hiku Community Board we would not have been able to achieve either of these events impacting

so many people! THANK YOU SO MUCH!

We had facebook posts, newsletter articles and a digital sign on the ahipara digital notice board to thank Te Hiku Community Board for their support for our school community.

PS. this report was submitted last year in September by email as I wasn't aware it had to be done on the portal until I got an overdue email. Hopefully you have already seen the report last year!!

We had 760 tamariki and 63 kaiako & support staff enjoy and participate in the interactive percussion show covering a few different cultural items (eg cook island drums) that normally only the city folk get to enjoy. It was fantastic to see our students on the spectrum enjoy it too as sometimes noise overwhelms but all our Tamariki requiring additional support joined in and you would not pick them as they didn't react any differently to the majority. It was a huge sense of satisfaction to know we could host an epic show and expose our Te Hiku Tamariki to a number of musical options.

Our community came together to purchase raffle tickets to support the installation of the swings. The creation of our school community garden has provided a valuable opportunity for students, whānau, staff, and the wider school community to come together through a shared, hands-on project. Students have developed practical skills in gardening, planting, caring for living things, and understanding where food comes from, while also building confidence, teamwork, responsibility, and a stronger connection to the natural environment. The garden has created an engaging outdoor learning space that supports curriculum learning across areas such as science, sustainability, health, and environmental education. Importantly, the project has strengthened community connections by encouraging participation, sharing knowledge, and creating a sense of collective ownership and pride in a space that benefits the whole school.

Have you engaged with the community about your project?	Yes

Who will benefit from your project, and how?	Te Hiku Rangatahi Guitar and Composing Wānanga will provide a practical, creative learning experience for beginner and foundational guitarists. Through a noho wānanga, participants will learn how to tune and care for a guitar, play essential chords, change smoothly between chords, develop rhythm and strumming patterns, and play confidently alongside others. The wānanga will focus on popular songs and waiata commonly heard at Māori gatherings, giving participants practical skills they can continue using within their whānau, kura, marae and communities. Rangatahi will also explore the basics of composing, working together to develop their own musical ideas and creative expression. Rangatahi and taiohi from across Te Hiku will benefit through increased guitar ability, confidence, creativity and connection with other emerging musicians. Participants will leave with practical tools, learning resources, new relationships and a stronger foundation to continue their musical development independently and collectively.
