Fence for 32 Leaity St, Moerewa

Due to Health and Safety of my moko due to Council Boundaries not being fenced off

RFS 3942835 – Boardering on Tigers League Club

I'm following up on the fence as discussed last week, I know you will have many issues to deal with regarding this matter, however, I thought I need to follow up on this URGENT ISSUE due to the HEALTH & SAFETY of my moko, as mentioned:

- 32 Leaity St is own by my son in law Herewini McGregor and daughter Alexandra McGregor.
- The section is the only one on the corner of the Tigers League Club Moerewa, 32 Leaity St Moerewa
- There has and continues to be a large number of disputes at the Club which flow on to the property. The neighboring property, 30 Leaity St, is owned by Herewini's parents Rangi McGregor, she said before they put a back fence up shes woken up to music playing and party in her carport as the club closed and everyone just rolled into the nearest house to continue. All of this scares me!!! For my moko i believe it is a Health & Safety issue that needs the Council support.
- Rangi has also said there was once she woke while they slept and while a social was on someone entered her house. Again I'm scared.
- We have had a number of vehicles driving through the section at the home games for the past 2 home games while my moko were playing in the yard. This scared me the most!!! If anything happened i would hold the Council responsible as i have altered you to this issue.
- They drove over the septic tank, which i would expect the Council to pay for as i have notified Council of these issues.
- To clear and tidy the boundary line from all the vegetation that destroyed our mesh fence with the digger work was over \$2,500 paid by us.
- Dumping of the rocks from the boundary line 6 truck loads at \$400 per load, \$2,400
- Labour to clear the boundary for the day, 6 people x 10 hours, total of 60 hrs x \$20 = \$1,200.
- The amount of rubbish shoved into the vegetation, from the back hedge was 2 x flexibins worth, total \$300 (as attached)
- I have been advised that there is a lack of contractor's to get the fence erected and have give the details of Alexandra's dad who is a qualified builder and willing to complete the job asap for the safety of our moko's.

I note we have paid in excess of \$6,000 towards our contribution for this fence and ask that someone please contact me asap to talk about this issue, anytime after 3pm as im in class until then.

I am scheduled to speak at the FNDC Community Meeting, 15 April 19, here in Moerewa regarding the Moerewa Christmas 2018, which I Project Managed, I'm thinking is thos the best forum to also raise this issue? I believe our house is in a very unique situation as the main entrance is right on our section and the main doors into the building opens right on to our section.

• COST	\$12,000.00 as per two quotes
• Tenant already contributed over:	\$6,000.00 in clearing the land
• Council are offering at their limit:	\$1,675.00

For the above reasons I ask that the full amount be paid by the Council and the risk to my moko.

The Internal fence finding has been confirmed not allocated for this fence or any of these along the end of Leaity St, from about 28, 29, 30 & 32 public access the grounds from these houses but mostly from the Main Doors Gate & Alex's property.

* Home Owner : Herewini & Alexandra McGregor
* Report Writers Pamela-Anne Ngole-Simon, 027 9115580

Good afternoon Pamela

Thank you for your request for service regarding the boundary fence at 32 Leaity Street Moerewa, I will be carrying out a site visit on Wednesday 27th March at around 10am to assess the entire boundary fence of Councils property behind 32 Leaity Street. I am happy to call you on the day to confirm an exact time of the site visit if you would like to be on site?

Kind regards

Catherine Leaf

Kia ora Cathrine

Im following up to see if there is any feed back on the Fence for my daughter's house as noted in these emails the concerns regarding my whanau Health n Safety deel like its being pushed to the side. If I could please get feed back today on its progress as im putting all correspondence into chronological order to present at the Community Board Meeting held in Moerewa this Monday coming 15 April, i am scheduled to speak and will raise my concerns for the neglectful stance the council seem to be taking.

I look forward to your response.

Good Morning Pamela-Anne

Apologies for the delay in responding to you, I have been away at a whanau tangi.

As such, further to our site meeting on Wednesday 27 March at the above property and your request for Council to replace a boundary fence as per the plan below (acknowledging the previous fence that was removed was in a terrible state of disrepair).

I have discussed this with my Team Leader and our Legal Services and as per the Fencing Act 1978, Council's contribution towards this boundary fence (approx. 67 linear metres as per the plan below) will be 50% only of the total cost of a new fence and this will be set at a maximum of \$25 per lineal metre, noting that the preferred style of replacement fence will be either 1) standard wooden paling fence height 1.8m maximum or 2) mesh farm fencing style fence and that Council will contribute towards 50% of the total cost and at a rate of \$25 + GST max. per linear metre.

To further this you will need to supply the following:

- Completion and return of the Council's Fencing Contribution Request Form along with the required information

<https://mail.google.com/mail/u/0?ik=56dc76bccc&view=pt&search=all&permthid=thread-f%3A1630469981634910526&simpl=msg-f%3A1630469...> 1/11

4/15/2019

Gmail - FW: RFS3942835

- Confirmation of the property owners details and approval from the property owner for this work to be carried out (if you are not the property owner)

Once this information has been assessed and approval given, Council will only pay out 'after' the fence has been installed and based on receiving a copy of all invoices and receipts showing payment and evidence (photo's) of the fence 'as built'.

As an interim measure and as a result of the works that were carried out on the above property without Council's knowledge, Council will request the installation of a warratahs and orange mesh fence as a temporary solution along the boundary adjacent to Council's property. This should enable you time to consider our offer of contributing towards a replacement boundary fence but only as per the terms outlined above.

Please let us know when we can go ahead and install the temporary fence?

Regards

Catherine

Morena Catherine

Firstly my condolences to you and whanau for a loved one lost, secondly his is a fabulous start however I don't actually know any builder that could accept \$25 per meter for a 1.8 meter high wooden paling fence, I am happy for your contractors build this and we will be happy to pay our \$837.50 on completion, that way it will build exactly to the spec's you require.

Thanks so much for all the work you have put in to get us this fence at such a GREAT RATE!!!!!! Thanks loads, the Council should be PROUD they have staff like yourself to assist the WHANAU that really are need AWHI.... Thanks once again...

Hi Pamela-Anne

Thank you for your response if appears you may have miss understood the \$25 per linear metre, Councils contribution to a boundary fence is up to \$25 per linear meter therefore if the cost of the fence is \$50 per linear metre Council will contribute up to \$25 of that cost.

The property owner will be required to get a quote for the total cost of the fence and plans as per the form and Council will contribute the \$25 per linear metre once the fence is build however, Council is happy to install a warratahs and orange mesh fence in the interim to

<https://mail.google.com/mail/u/0?ik=56dc76bccc&view=pt&search=all&permthid=thread-f%3A1630469981634910526&simpl=msg-f%3A1630469...> 3/11

Hi Pam

Attached is a quote to build the 67m fencing as discussed.

This is assuming the ground is good and clear of roots and stones. If these are hit additional costs may apply.

I have attached a full breakdown that shows workings margin and labour. Hope this is all you require

Kind Regards

Morena Cathrine

I have below from Bevin MacCarthy owner of Bay Builders, I'm waiting on the second quote but they are also telling me the cost will also be around the \$11,000 mark as noted in Bevin's quote, both builders said the Council would know this cost is actually around \$165 per meter not \$50, \$50 is a mesh fence.

Bevin notes and told me yesterday if he was to organize the clearing, as noted in his quote, then it would probably have doubled this price, im saying we already paid for the clearing, the rubbish, the dumping that Bevin notes in his quote and yet Council still want to demand we pay half. I can't see how that is even fair.

Can you please confirm how Council comes to this value and if so can you please have your contractor's build it for that amount?

Your response is appreciated...

P.S we have put piggy tails up and fencing barrier as a temporary measure thank ypu for that option though.

Pamela-Anne

Error! Filename not specified.

To further this you will need to supply the following:

- Completion and return of the Councils Fencing Contribution Request Form along with the required information
- Confirmation of the property owners details and approval from the property owner for this work to be carried out (if you are not the property owner)

<https://mail.google.com/mail/u/0?ik=56dc76bccc&view=pt&search=all&permthid=thread-f%3A1630469981634910526&simpl=msg-f%3A1630469...> 7/11

Gmail - FW: RFS3942835

Once this information has been assessed and approval given, Council will only pay out 'after' the fence has been installed and based on receiving a copy of all invoices and receipts showing payment and evidence (photo's) of the fence 'as built'.

As an interim measure and as a result of the works that were carried out on the above property without Council's knowledge, Council will request the installation of a warratahs and orange mesh fence as a temporary solution along the boundary adjacent to Council's property. This should enable you time to consider our offer of contributing towards a replacement boundary fence but only as per the terms outlined above.

Please let us know when we can go ahead and install the temporary fence?

Regards

Catherine
