This is the email I received from Chris regarding - I never received a hard copy. Chris assures me that he speaks for all the owners who actually live there. Do you want me to obtain signatures from the resident owners.

Thank you Marie,

We will get this completed and returned to you asap.

We only have 4 permanent residents (Lot 1&3, Lot 2, Lot 7 and Lot 10). Owner of Lot 8 is not living there as there as they have land banked (well sell eventually), Lot 9 is not living there and merely leases land out for grazing, Lot 11, plan on building eventually but currently in australia for a few months.

We will get signatures from permanent residents only.

Thanks for helping us move this to the committee.

Kind Regards,
Chris
