### Issues

- Window restrictors need replacing in PWM Hall toilets.
- Issue with FNDC contractors entering the Paihia WM Hall during a yoga session & commencing work on the ceiling - unacceptable behavior.
- A meeting has been called in late November by Hospitally NZ at the Kings Road bars to discuss how to progress issues in the area over summer & in the future.
- October has seen the completion of the revetment at Waitangi & reinstatement of the footpath.
- Enthusiastic progress is being made with the formation of a new committee for the Bledisloe Domain user groups.

### Outstanding

- Still working with District Facilities Manager to remedy the drainage & flooding issues in front of Paihia War Memorial Hall. RESPONSE to this is that there is now no money to carry out the job & photos will be required to prove there is a flooding issue.
- Have received numerous emails for Craft Market Guidelines to be updated in "Paihia Village Green Management Plan". There is an urgency to resolve this prior to the summer season. Chair has requested a report. Some progress on this issue but no questions answered to date.
