**Subject:** Proposed road name

Good morning Nora

As part of the Far North District Council Addressing Improvement Project I have received submissions to name a private road off Redcliffs Road.

The suggested names are – **Waitete Heights Lane**

**Waitete Lane**

**Waitete Close**

I have attached a map of the private road and information from the submitters as to the reason for the name.

Do you feel that Waitete is a suitable name for this private road?

Looking forward to hearing from you.

Regards Marie
