Kia Ora Koutou,

Outlined here is information regarding the financial position of Tai Huri Films Limited.

Tai Huri Films was established in 2016 as a screen production company based in Te Tai Tokerau. During the past three years the company has had no income. Basic admin expenses have been funded by me personally.

I am the sole director and only signatory for the entity. As the company has not traded since its incorporation in 2016, I can only show limited financial transactions during this time. However, from the beginning of 2020, Tai Huri Films is actively involved in facilitating three projects which seek contestable funding from various funding bodies. These projects are not for profit.

Should you require any further information regarding the financial position of Tai Huri Films, you can contact Mindy Beren of MB Financial Services for further details. Her contact number is 021 407 794.

RE: Cinema Hires

Hi Jason

Yes, we do hire out our cinemas for private hires, where you are totally responsible for the promotion, ticket sales etc. Due to our scheduling commitments, we can only make our cinemas available for these private hires outside school and public holidays from Tuesdays to Thursdays and possibly early Sunday evenings.

We have one large cinema with 144 seats and 2 smaller ones with 52 seats. The cost to booking a small cinema for one session is \$280.00, the large one is \$560.00. The booking covers 2 to 2 ½ hours. Once confirmed, a \$100.00 deposit is required to hold the booking, which is then taken off the final cinema hire cost. This deposit is non-refundable if the screening is cancelled by you. The programme must be in DCP format and the Cinema hire cost covers our projectionist to download it onto our system and programme it accordingly, any further work, will be charged out at an agreed rate depending what is involved.

So we cannot take a booking for Friday 17 April, but let me know if you want an alternative date or any further information.

Regards

Ingrid Galloway
