25/07/20 Meeting Aroha Island Trust & QE II re ramp and rec.

### Issues:

#### **Given events as of this report date the following needs repeating**

Continued lack of any provision of marine facilities to service the massive growth in trailer boats in the Bay area. FNH appears to only be interested in funding commercial activities, which is in line with their mission statement.

There has and continues to be significant growth in the Kerikeri/BOI area and a large proportion of these new residents move here to participate in marine/boating activities, it appears that there have been no new facilities provided in the past 30 years, some older facilities have been upgraded. Marine facilities should be treated no differently than any other infrastructure. The

Council may wish to compare the number of ratepayers participating in Marine activities versus the number participating in other sports/activities which receive substantial financial support.

The FNDC needs to confirm (a) that it wishes to have community boards  
(b) If the FNDC wishes to have community boards then they must allow them to perform their delegated tasks.

The FNDC need to establish their relationships with community groups in regard to their relationships with community groups e.g. CB members are restricted from speaking with staff this appears not to be the case from other groups.

### **Resource Consents**

2200598 Landing Road

2200490 15 Doonside Road

2200454 57c Hall Road

### **Requests for Service/information**

RFS submitted re footpaths on Mission Road Responses still not received.

Have received verbal response re part of the RFS.

Have receive a few brief reply "Our footpaths are to spec" this of course does not answer the question(s) I was attempting to raise e.g. Did FNDC strengthen the footpath to provide for non-permitted activity, did FNDC approve the actions of a subcontractor in charging ratepayers additional funds for strengthening their driveways??

### **In progress**

Windsor Landing (Current information obtained from newspaper) no formal response to CB from FNH or FNDC.

The Kerikeri Domain continues to be a mystery, if this process is in any way indictive of the Councils effectiveness then I am sincerely concerned about our ability to get anything done.
