#### Issues/Feedback

Projects being put on hold even after they had funding allocated – most recently a concise piece of the footpath by Opua School. A staff member left, and this project got passed over to FNHL; irresponsible and not transparent.

Jobs getting started (from RFS) and then not finished for weeks or months, been almost a year for some blocked culverts to be cleared!

This is what the FNDC customers – the ratepayers – are after, prompt replies and action to everyday needs. FNDC's average customers – the ratepayers – is not overly interested in how quick the turnaround is for building and resource consents. The average customer – the ratepayers – want their basic needs looked after, rubbish, water, sewage and roads. Time to look at the customers' – the ratepayers – view (not the property developers from out of our region)!

The contract for the Russell Transfer Station has been extended instead of being advertised and renewed. It is disappointing as the community shows strong interest to implement a different model for the Russell transfer station.

The RFS process seems to have stalled since the first lockdown and then again after/during the floods. Hence no RFS lodged! Please sort this process out and if needed, involve more contractors as soon as possible.

It intrigues me that Community Board Members can't contact FNDC staff. Still, community groups are welcome to meet with staff at Council Meetings.

Roading Issues seem to get the cone treatment and justified as a "fix" – this is totally unacceptable and dangerous as well as very unsightly – we have several of these around my subdivision, and we get zero replies on followups

The too-frequent sewage spills in Russell get the silent treatment from FNDC, more spills happened in Matauwhi Bay in November and in December a spill occurred at the Tapeka pump.

Issues with our small-town water supply in Russell, and yet again, staff need time to go through the historic agreements. This is a working system, and FNDC has no idea how and who is drawing water from a council-owned bore?

Time to pull your socks up, FNDC, and face the hard facts! You are letting communities down with their very basic needs of a sound sewage system and freshwater. FNDC

needs to stop being risk-averse and start fixing aging assets, AND maybe it would help to allocate funds to EVERY town in your district, to keep up with the maintenance. An 80-year plan won't fix our needs today.

The Board needs to make sure that management doesn't forward difficult decisions to the community boards without consulting or informing us in an appropriate timeframe. The no-surprises policy has to be both ways!

I am curious if anyone at FNDC management reads the Community Board Members' Reports.

# In progress

- Robertson Street Stormwater Project to be completed now a big slip has
  developed and the retaining wall to stop more private land slipping. A
  retaining wall has been built, with an ugly, unnecessary fence on top.
  Residents are not impressed (maybe the wrong word)
- Opua Resource Consent non-notified for development Franklin St/Kellet St petition tabled at CB Meeting 3/2/2020 this has now gone to a full (over 100 attendees) community meeting 8/3/2020 and we have just been told FNHL has sold the land to a private developer. The land is now occupied by hapu and locals. This is a community being pushed out of their town.
- Carpark for Oasis Community Centre this has been ongoing since 2018
- Lack of rubbish collection point and recycling collection during peak season around Russell Wharf (owned by FNHL) and this is still NOT solved

- House build planning breach Chapel St Russell property has sold July 2020 – work has restarted
- Footpath Kellet Street Opua School been approved but not carried out –
  after been promised to be finished by September it is now "scheduled" for
  January 2021 and as per this report, this is now FNHL project I am
  opposing this decision.
- Petition Okiato Boundary for paper road RFS-3996575 tabled at CB meeting 9/12.19 – the cost to be carried by petitioners. Motion passed in November CB meeting
- Include re-doing the FNHL terms of reference/objective in their comments about what the next annual plan and long term plan should cover. – tabled at CB Meeting 3/2/2020
- Walls Bay, Opua to be occupied by local hapu
- Speed Limit Review
- The contract for Russell Transfer Station to be officially tendered
- Maintenance in Russell Township to be outsourced to a local community group
- Mark boundaries at the "Walls Bay" Opua reserve cleary with bollards
- Lack of vision after excessive roadside spraying and cleaning up the aftermath
- A newspaper advert for roadside spraying is starting 22/1- the job will go ahead as this is an existing contract! The previous round of spraying was paid for by Central Government as part of the COVID-19 recovery. Not sure why we need to carry on with the existing contract if FNDC wants to save money (gain from the covid recovery program)
- Flooding of the upstairs level at Russell Town Hall on Sunday 14/2/2021
