Give a brief description of the highlights of your project including numbers participating:

During the summer 2019-20 all key events in the BoI were observed & waste audit undertaken. All public litter bins were audited at least 4 times. Business Parkia & Key sector representatives were interviewed. Approx 200 visitors were surveyed & approx 40 stall holders.

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

There is no public recycling facilities for visitors to the Park. The public litter bins do not separate recyclables - all is destined for landfill. All rubbish is purchased within 50m of the bins. No education on waste minimisation is available to visitors. No incentive to minimise waste is in place. Reducing waste is an agreed goal.

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:

NA - never proceeded to stage 2 - lockdown & cessation of much of visitor industry for 2020 put the project on hold.
