## Community Issues

Issue name	Comment
Speed limit reductions in the Bay of Islands	Russell Kororāreka has been left off the speed limit reductions consultation for the Bay of Islands. Speed limits from the Ferry into town are 100km/h and too fast. The Community has been requesting these changes <u>since 2007</u> , repeatedly through previous board members and there is real

Consultation – Russell not included	frustration and mamae (pain) that they have been ignored. The issues is the small component of the Russell Whakapara road as a section of the road which makes it “impossible” to do. We consider this a weak excuse and I have recommended the community to submit accordingly.

### **Requests for Service (RFS)**

RFS number	Date	Comment
RFS 4135699	20/11/20	Via Roddy Pihema – car in mangroves via Whangae. Concern over oil and brake fluid leaking into waterways.

### **Other Issues**

- **Russell Sports Club** submits an annual report to Council but these are not passed on to the Community board. Request that reports are submitted via the Community Board member to ensure report is a) visible to the community and b) if staff change, report is received.
