Building consents

Building notes

It is important to note that each building project and site may be different, so please use this information as a guideline only.

Total consent costs may not be known until the consent has been processed to approval.

For an indication of fees payable with your building consent application, please use our building fee calculator or contact our building staff on free phone 0800 920 029 (Northland land lines only) or 09 401 5200.

When are building fees payable?

If your building project falls under the criteria for fixed fee applications, then you will be paying a fee as stated in the consolidated fees schedule. This fee will be required when lodging your application.

If your building project falls outside the criteria for fixed fee applications, then you will be in the banded fee bracket. These fees will be calculated based on processing time and will be invoiced at time of issue of your consent.

When issuing a Code Compliance Certificate a check is done to see if there are any outstanding inspection or processing fees and these will be invoiced at this time.

In all cases, Council payment terms apply to all issued invoices.

How do I work out the estimated value?

This is the total value of the building work including GST. Usually the designer or architect supplies the contract square metre rate and Council checks this against national statistics, the MBIE website, Building Economist and Codeword's publications.

Why do I get charged for inspections in advance?

Council policy is to release building consents as soon as possible. Estimated inspection fees are paid in advance to assist this process to avoid delays for all parties.

What are 'actual costs' and what will they include?

- Processing, inspections and administration services
- It may also include external services engaged to carry out reviews for Council e.g. New Zealand Fire Service and Heritage NZ etc.
- Disbursements like scanning, copying, telephone, travel and postage.

What are external services and why are they applicable to my application?

External services are usually for New Zealand Fire Service design review, engineering technical or weather-tightness review for complex design or when unproven methods are

proposed or input from Heritage NZ for any archaeological reviews.

When does my consent become commercial and trigger the higher fees?

Generally when the building use is associated with public use and the engagement of employees

Some descriptions of these building types include:

- Communal residential (hostel / prison)
- Communal non-residential (church / school)
- Commercial (bank / service station)
- Industrial (agricultural building / sewage plant)

These classified uses attract the higher fee due to the additional design complexity and use of specified systems.

What happens if I don't go ahead with my building consent, do I get a total refund?

This function is carried out on a case-by-case basis and no full refund is provided due to administration and cost overheads. In normal cases there will be a refund for unused inspections, and BRANZ / MBIE levies.

If processing has already begun, partially complete or fully completed fees will be deducted accordingly.

Other fee information

Some levies are set by other agencies and are not affected by this proposal.

All fees are GST inclusive unless otherwise stated.

Building application fees are based on the project value of the building works, simple structures or minor type applications.

Fixed fee applications

This fee applies to building work with a project value of less than \$20,000.

This fee applies to residential projects only.

This fee applies to specific works as listed in the chart below – the fee includes:

- Building processing
- District plan processing (where applicable)
- Inspections as nominated (additional inspections will be charged at the current fee rate)
- Code compliance certificate application fee.

This fee is non-refundable due to the reduced fee offered for these services.

Resource consents

Resource consent fees are calculated based on BERL Forecasts of Price Level Change Adjustors (with some rounding). This means that fees may increase each year in accordance with the changes to the BERL Forecast.

Notes:

1. These fees have been rounded up to the nearest whole dollar
2. All fees GST inclusive unless otherwise stated

Instalment fees are charged at the following stages: application lodgement; limited or notification process; and hearings process. Where the instalment paid does not cover the actual processing costs Council shall require the applicant to pay an additional charge following the issuing of decision. Council reserves the right to interim invoice applications monthly where costs have been incurred and exceed the instalment fee paid.

An applicant shall upon request be provided an itemised breakdown of costs. For the purposes of these charges the terms 'actual and reasonable cost'* and 'standard charges' shall include but not be limited to:

- FNDCC staff time for receiving, processing and issuing a decision
- Inspections

- Travel – breakdown of costs, etc.
- Administrative / technical support
- Contract services (e.g. landscape architect, engineers) engaged by Council to fulfill obligations of the Resource Management Act 1991; and
- Disbursements including photocopying, facsimile, telephone and postage.

An applicant required to pay an additional charge has a right of objection to the council in respect of that requirement, and has a right of appeal to the Environment Court in respect of Council's decision on that objection.

A fixed fee is the present charge paid when a request for a certificate etc. is made. The cost for these services is fixed. Although fixed, this fee covers the first three hours of processing. Any additional time or meetings may be charged to enable Council to recover its actual and reasonable costs.

Note: All fees and charges are INSTALMENTS unless otherwise stated at the top of the particular table.

* Actual and reasonable cost based on an hourly rate, mileage and disbursements will be deducted from the instalment fee or charged to determine the final fee payable.

The following table has been modified to merge similar fees.
