Community Matters

This section should be completed for matters arising within the community, which Council need to be aware of. It could be related to ongoing projects, requests, feedback etc.

Topic	Comment
Community meeting 3/5/23	Ratepayer/community concerns raised over District Plan interpretation both operative & Proposed (out for consultation) Major concerns over Infrastructure capacity roads, water, sewer plant and pipes – need full update
Kaitaia water	Ongoing issues with Kauri dam – highlight the fact the Sweetwater bore supply is not operational. Why not? What is the status of the bores and what is the actual cost to date? What is holding cost of Sweetwater project daily/monthly given there is no water flowing into town? Who is responsible for delivery of project and when was hand over, given public opening reported last year?
Matauri Wastewater scheme	What is the situation here? This plant was constructed over a decade ago, why is it not operational? I have had current owner's representative contact me, and what I have been provided indicates something is amiss here, councillors need a full update urgently?

Portfolio Update: (Name of Portfolio)

Roading issues across district are immense, recent government announcement may help funding of recovery, however, still have a massive infrastructure maintenance deficit to catch up on.

NTA have produced paper to address funding shortfall around drainage of the roads, water tables and culvert clearing have been brought back into focus.

AP needs budget lines to ensure council has ratepayer share ready.

Procurement policy and Roothing contracts need to be carefully reviewed to ensure we have the machinery and people power to complete the work required.

Matters for Discussion

This section should be completed for matters which the elected member wishes to raise with wider Council, Community Boards and/or in relation to delivery.

- See above – I will speak to these on the day
