Give a brief description of the highlights of your project including numbers participating:

Last year was a very challenging period for Youthline and was a particularly busy time for the Helpline team with lockdowns and restrictions continuing to have a significant impact on both staff and clients.

The pandemic increased the demand for our services to a significant degree, changed the nature and increased the complexity of the issues presented and placed additional pressure on our already stretched resources. This has continued in the over two years since COVID-19 arrived.

Our absolute priority was the health and well-being of the young people who reach out to us for help. We needed to ensure that young people knew where to turn to for help. Importantly we remained steadfast in our message to young people ensuring through direct contact and social media that they knew we were there for them and their friends.

In the year we managed 126,226 contacts to the Helpline nationwide of which 1,517 were from the Far North and 397 were from Kaikohe-Hokianga.

In partnership with The Parenting Place our services were promoted to 7,477 students across 17 schools in Northland as part of our strategy to ensure that young people know where to turn for help, feel okay asking for help and get help when needed. In the Far North 1,744 students at 6 schools benefited from this service including Kerikeri High School, Springbank School, Opononi Area School, Kaitaia Abundant Life School, Okaihau College and Taipa Area School.

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

New Zealand has been under siege from COVID-19 for over 2 years. In the circumstances we think we have made good progress in meeting the community outcomes identified in our application.

Both staff and clients had to learn how to cope with different ways of doing things. Working from home presented challenges for our staff. Getting used to meeting online presented challenges for our clients who also had to cope with long periods of lockdown. For those who were students they could not go to school or hang with their friends.

Importantly we remained steadfast in our message to young people. We are here for you. We are here to listen and help. We know these are hard times. Our priority was ensuring that our services were available to youth when they needed them which we delivered on under very trying circumstances. We simply had to be there for them.

For the year we received 1,517 Helpline contacts from the Far North which represented 1 in 5 young people reaching out for help. 91% were by text with 1 in 2 texts presenting around mental health issues and 1 in 5 around suicide. COVID has exacerbated these conditions to a significant degree.

Feedback from our clients, the young people we work with, is the best form of evaluation for our mahi. Here are some of the comments we have logged in the last 12 months

From a young person txting in - "Hey I'm also feeling heaps better now but I really appreciate it and thank you so much for doing this, you and the other volunteers are such fantastic people and deserve a bloody medal I reckon"

From a young person contacting us while going through urges to self-harm - "I think I'm safe. thank you so much you have helped me a lot so good at your job have a good night", "Thank you so much I really love that you care"

Parent who texted back after talking with them and their daughter due to safety concerns - "What an amazing service you provide. Thank you for asking to speak to me and letting me know there was concern for my daughter. We have spoken about this and I can't thank you enough. You make a difference"

We are proud to receive this sort of feedback. It makes it all worthwhile.

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:

The Community Boards will receive acknowledgement in the soon to be published FY2022 Youthline Annual Report along the lines of the acknowledgement in the FY2020 Annual Report.
