Community Issues

Issue name	Comment
FNDC Roding – NTA	<p>Councillor Steve McNally sent through a request for community board reps to share widely, the request being to reach out to community to share their roading issues in their communities with him, as due to the vast area he covers, the reality is he is unable to drive to each roading area of concern. I understand he has been inundated with email responses.</p>

<p>Ninihi Road, Otaua RFS 4140344</p>	<p>One of the communities reaching out is Otaua. Contact AW, and BW residents of Otaua. Lodged RFS - They wish to have dust suppressant used to settle the dust nuisance for the houses and residents on Ninihi Road, many logging trucks and cars of residents, have to enter and exit this part of the road to Otaua. They are affected badly by dust. Email also sent by them to Steve McNally</p>
<p>SH12 RFS 4139540 RESOLVED</p>	<p>Damage to road prior to Christmas, left a number of vehicles from community members damaged, dip left in the road and not repaired to a satisfactory standard following work done for the ultra-fast broadband cabling. Contact was made with Councillor McNally and he forwarded onto NTA contacts and Steve Mutton Waka Kotahi for repairs. Repairs completed NO further action required.</p>
<p>Kokohuia road RFS numbers are Feb 2023 4144741 March 2022/ 4096801 & 4102733 Aug 2022 / 4122511 RFS:3898749 There are others</p>	<p>Historical RFS put through from many Kokohuia Road residents. I have noted some of these RFS numbers. Councillor Steve McNally has been sent photos and videos of the state of this road and also of the junction Kokohuia Road/Akiha Street Omapere 0473, unfortunately many of our roads in our rohe, are in this state of disrepair, but as board rep for our community how, do I respond to the complaints and what next for this historical RFS road? Is there a real way forward or a range of funding pools we can apply to address these types of roading issues across our district? Also addressing equity even spread of funding for our smaller Māori villages? A site visit is needed</p>
<p>Otaua 329 Ninihi Road RFS – 4140344 RFS - 4143310</p>	<p>Major dust nuisance 2 jobs logged – no contact made I request this be escalated through to FNDC Democracy service KHCB support person. Communication sent to update where the council is at with this. The community people that have lodged request is hoping to have dust suppression for the road. No dust when wet – But as it dries dust is Horrendous Further contact made with the whanau that has lodged RFS 26 February 2023</p>
