

At the completion of a project that received community funding, recipients are required, as stated in the Community Grant Policy, to submit a Project Report to the Community Board. Project Reports are to be received no later than two months after the completion of the project or if the activity is ongoing, within two months of the funding being spent.

Applicants who fail to provide a project report within the required time will not be considered for future funding.

Give a brief description of the highlights of your project including numbers participating:

11 young project leaders were involved in creating and implementing the Youth Expo, 2016. Five of those leaders worked towards receiving 5 level 2 NCEA credits out-of-school through this project. From the bus schedule alone, we estimated over 600 young people attended the Youth Expo. Aside from this figure, some schools, course providers and tertiary students used their own transport. Other young people were referred from MSD and attended through promotion/advertising methods (mail drops/facebook/posters/email).

Describe the main findings in your evaluation of the project/event; describe how your project/ event benefited the community:

The youth expo brought attention to the social issues youth face with alcohol, drugs and violence and showed young people what services were available to help them in difficult situations. It challenged services to be interactive with youth and not to rely on passing out pieces of paper. The youth expo implemented a youth media strategy and a community outreach strategy developed and implemented by the project leaders. The Youth Expo allowed the project leaders to use a positive avenue to drive youth voice to community members, influential members of society, Iwi and the Government.
