

At the completion of a project that received community funding, recipients are required, as stated in the Community Grant Policy, to submit a Project Report to the Community Board. Project Reports are to be received no later than two months after the completion of the project or if the activity is ongoing, within two months of the funding being spent.

Applicants who fail to provide a project report within the required time will not be considered for future funding.

Give a brief description of the highlights of your project including numbers participating:

The WasteWise Schools Kaitiaki College Recycling Roll out has been managed in 3 stages. Paper in 2018, food mixed recycle in 2nd term 2019. Thanks to Te Puna Aroha running and maintaining the system this has been extremely successful.

... however, the process was delayed until we knew the changes to Plastic Recycling - (now 1st & 2nd only) as we did not want to generate signage that was already outdated. Apologies!

Describe the main findings in your evaluation of the project/event; describe how your project/event benefited the community:

The roll out has been slow, as each waste stream we identified has been dealt with in a controlled roll out; rather than introducing too many changes at once. The project has generated interest in Kaitiaki in Kaitia College. The intermediates and Primary school are also experiencing renewed enthusiasm, as the college now recycles!

Please provide details and attach or email photos and/or any marketing collateral that was produced for your event/project acknowledging the Community Board:

There has been a Poster Generated by Te Puna Aroha acknowledging the community Boards sponsorship of the new bins. This will be displayed in Te Ahu lobby in the last week of July
