REPORT

1) Meetings

14.1.20 – workshop with KBA and strategic plan workshop

15.1.20 – accepted an invitation to view a proposed retirement village complex for which a resource consent has been issued.

2) Issues

11.1.20 – Query about Waiharara Drainage Committee – lack of maintenance, lack of monitoring, lack of co-ordination between the council, contractors and committee members, and purpose of the committee.

12.1.20 – Query about a SUP hirer operating from Coopers Beach carpark. Suggested that the person with concerns contact Environmental Services via the RFS system or 8000 number

22.1.20 – continuing issues of parking at Mill Bay Mangonui, request for a speed reduction sign at the top of the hill between Mangonui and Coopers Beach to be moved further south and future council support for Doubtless Bay Promotions Inc. I will pick these matters up on my return from holiday as responses to the second two issues have been unsatisfactory.

3) Resource Consents

Nil

4) Requests for Service

RFS 3985389 – Loose chips from seal at Coopers Beach carpark being walked into business premises – adverse effect on flooring. have dispatched their Routine Crew to sweep up excess chip by 13/12/2019. Ineffectual. Further request made 21 January. Once again I will pick this matter up on my return from holiday as response had been unsatisfactory last time I had adequate access to technology, but it may have been resolved by now.
