## Project Details

Which Community Board is your organisation applying to (see map Schedule A)?

☒ Te Hiku ☐ Kaikohe-Hokianga ☐ Bay of Islands-Whangaroa

Clearly describe the project or event:

Name of Activity	<input type="text" value="Submersible pump replacement"/>	Date	<input type="text" value="1/4/22"/>
Location	<input type="text" value="Awanui Sports Complex"/>	Time	<input type="text" value="0900"/>
Will there be a charge for the public to attend or participate in the project or event?		<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
If so, how much?		<input type="text"/>	

Outline your activity and the services it will provide. Tell us:

- Who will benefit from the activity and how; and
- How it will broaden the range of activities and experiences available to the community.

We are having to replace our submersible pump which drains the whole complex.

The design of the drainage system that council designed means that we have to dewater the facility ourselves so that stormwater enters the council reticulation system. 22 years ago we self funded to put this pump in place and we have not had a flood event close the complex since. Older members of the board will recall our sports complex under water for weeks each winter. This pump is industrial in nature and the cost associated with replacing it also has a price tag to match. We have been without a pump for 7 months and have had to pay a contractor to come in and dewater however the cost and pump rate make this an option that is not feasible. We have ordered the pump and have so far secured \$14,500 of funding from an insurance claim and Oxford Sports Trust however we require another \$20,000 exc GST to complete this project. We humbly ask for assistance with the cost of replacing and installing the pump and it's associated control panel. Once this pump is in we will be able to give our community certainty that this facility will be available for use year round.
