19/12/22	1 st meeting Marae at Parapara
19/12/22	Meeting with Bakerman Cafe owners and police to check legality of fence razor wire
07/01/23	Rangiputa Ratepayers AGM
12/01/23	Meeting Suna Ryan, committee Board member Haititai Marangai Marae. (See below)
26/01/23	Hihi Concept Improvement Plan engagement at Hihi
28/01/23	RFS:4143925 After the community concept improvement meeting at Hihi Thursday 26 th January, I returned to the Hihi Fire Station on Saturday to retrieve my diary I had forgotten. I took the time to visit the Hihi beach sea wall which Te Hiku Board Members and council staff had inspected on Thursday after the concept improvement meeting due to community complaints about the walls condition and 2 large holes flanking the seawall footpath. Board members and staff had registered RFS to address this major public safety issue. The 2 holes were still uncovered so I placed 2 wooden pallets and 3 cones over the holes. I would like to think that by now relevant service organisation personnel have installed Authorised Safety precautions over these holes.
20/02/23	Te Hiku Community Board Extraordinary Meeting
22/02/23	Doubtless Bay Concept Improvement Plan engagement at Coopers Beach

26/02/23	Tour of Rangiputa foreshore and checking damage to hillside above footpath leading down from the fire station into Rangiputa
02/03/23	Taipa Improvement Plan engagement at Taipa

Community Issues

Issue name	Comment
Concept Improvement Plans Te Hiku Concept Improvement Plans Far North District Council (fndc.govt.nz)	Meetings are being managed more effectively and we are all learning from these. Thank you also to Waka Kotahi, Haigh Workman and Council staff for their input in relation to public Queries on specific issues at the Taipa meeting. Can we clarify what happens to the public feedback once all submissions have been received and prioritized after the initial meetings we have presented.
Project completion	Thank you to all staff and contracted services for the completion of the seal on Unahi Road and the work on the Tokerau Beach Road Sewerage Station.

Requests for Service (RFS)

RFS number	Date	Comment
4139530	18/12/22	Re concrete footpaths on the eastern side of the street in Awanui from building numbers 105 to 3 which have been cut for cable access and not recovered correctly. Status: 9/1/23 Inspector has been to site. Ventia is addressing footpath renewal. Vegetation overgrowth is being programmed by Fulton Hogan who are awaiting FNDC approval.
4139531	18/12/22	Lift exposed fibre cable from open street drains main street Awanui between premises no 99 (Northland Riders) and no 101 (Awanui Superette). Status: 28/02/23 a temporary copper telephone cable was installed to give service to the group of shops. The original cable deteriorated to the point of no repair. Just this week we have completed migrating all these customers from copper connections to fibre optic connections. 1/3/23 Temporary copper telephone cable was confirmed as removed by Universal Communications Group (UCG). RFS Closed
