Statement of Accounting Policies

Kaitaia Business Association Incorporated For the year ended 30 June 2023

'How did we do our accounting?'

Reporting Entity

Kaitaia Business Association Incorporated is an Society incorporated under the Incorporated Societies Act 1908 and is engaged in the business of a local business association.

Basis of Preparation

The entity has elected to apply PBE SFR-A (NFP) Public Benefit Entity Simple Format Reporting - Accrual (Not-For-Profit) on the basis that it does not have public accountability and has total annual expenses equal to or less than \$2,000,000, except that the entity has not produced a Statement of Service Performance or list of Entity Information. This is because the Association is not a Charity and is an Incorporated Society which is not required to prepare this information.

All transactions in the Performance Report are reported using the accrual basis of accounting.

All amounts are noted in NZ\$.

Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable for the sale of goods and services, excluding goods and services tax rebates and discounts, to the extent it is probable that the economic benefits will flow to the entity and revenue can be reliably measured.

Membership fees are recognised on a receivable basis.

Sales of services are recognised in the period by reference to the stage of completion of the transaction at the end of the reporting period.

Interest received is recognised as interest accrues, gross of refundable tax credits received.

Property, plant and equipment

Property, plant and equipment are stated at historical cost less any accumulated depreciation and impairment losses. Historical cost includes expenditure directly attributable to the acquisition of assets, and includes the cost of replacements that are eligible for capitalisation when these are incurred.

An item of property, plant and equipment or investment property is derecognised upon disposal or when no further future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognised.

Bank Accounts and Cash

Bank accounts and cash in the Statement of Cash Flows comprise cash balances and bank balances (including short term deposits) with original maturities of 90 days or less.

Goods and Services Tax (GST)

The entity is registered for GST. All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

Income Tax

Income tax is accounted for using the taxes payable method. The income tax expense in profit or loss represents the estimated current obligation payable to Inland Revenue in respect of each reporting period after adjusting for any variances between estimated and actual income tax payable in the prior reporting period.

Changes in Accounting Policies

There have been no changes in accounting policies. Policies have been applied on a consistent basis with those of the previous reporting period.
